Introduction

This book is a continuation of Volumes I and II, Modern Method for Guitar. Most of the terms and techniques are directly evolved from material presented in them. Fingerings for (two octave) scales and arpeggios are developed to the ultimate...in that any other patterns that you may discover will consist of nothing more than combinations of two or more of those presented here. Three octave patterns will be shown in a latter volume, but many can be worked out with the aid of the position to position fingerings on pages 76 and 77.

With regard to chords and harmony, diagrams are totally dispensed with and everything is worked out from a knowledge of chord spelling and the construction of voicings. There will be further development later in this area of study also.

Mastery of the "right hand rhythms" pages should enable you to perform any rhythmic combinations that may confront you at any time...assuming, of course, that you have the ability to "swing". (If this property is lacking then perhaps you had better throw the pick away.)

Should you be fortunate 'enuff to possess a creative soul, the pages devoted to chord and scale relationships will be (I'm sure) a rather large help..... In any event this knowledge can certainly keep you out of trouble when you have some on the spot "filling" to do.

As in the preceding volumes, all music is original and has been created especially for the presentation and perfection of the lesson material.

...Once again, all the best and good luck.

William G. Leavitt

It is important that the following material be covered in consecutive order. The index on page 158 is for reference purposes only and will prove valuable for review or concentration on specific techniques.

Outline

Evolution of (12) Major Scale Fingering Patterns.....	1
Definition Of Position.....	4
Speed Study	4
"Solo In Bb	5

EVOLUTION OF MAJOR SCALE FINGERING PATTERNS

- I. TYPE 1 fingerings evolve thru- cycle five [down a 5th]. Using the second position as a sample we start with C Major, fingering type 1...then proceed to F Maj. [type 1A]...B $\flat$ Maj. [type 1B]...E $\flat$ Maj. [type 1C]...and A $\flat$ Maj. [type 1D]. Observe that each new key requires additional first finger stretches. ...Also note the optional fourth finger stretch shown on the 2nd string of type 1D. This will occasionally be necessary for certain melodic patterns...such as thirds.

TYPE 1

TYPE 1A

TYPE 1B

TYPE 1C

TYPE 1D

II. TYPE 2..

III. TYPE 3...

IV. TYPE 4

...Also

TYPE 4

TYPE 4A

TYPE 4B

TYPE 4B musical notation. The treble clef staff shows a scale starting on G4, with fingerings: (s) 1 2 3 4 1 2 3 4 1 2 3 4 1 2 3 4 1 2 3 4. The bass clef staff shows a scale starting on G3, with fingerings: 5 4 3 2 1 2 3 4 5 4 3 2 1 2 3 4 5 4 3 2 1. Slurs are placed over groups of notes in both staves.

TYPE 4C

TYPE 4C musical notation. The treble clef staff shows a scale starting on G4, with fingerings: (s) 1 2 3 4 1 2 3 4 1 2 3 4 1 2 3 4 1 2 3 4. The bass clef staff shows a scale starting on G3, with fingerings: 5 4 3 2 1 2 3 4 5 4 3 2 1 2 3 4 5 4 3 2 1. Slurs are placed over groups of notes in both staves.

TYPE 4D *

TYPE 4D * musical notation. The treble clef staff shows a scale starting on G4, with fingerings: (s) 1 2 3 4 1 2 3 4 1 2 3 4 1 2 3 4 1 2 3 4. The bass clef staff shows a scale starting on G3, with fingerings: 5 4 3 2 1 2 3 4 5 4 3 2 1 2 3 4 5 4 3 2 1. Slurs are placed over groups of notes in both staves.

* .. Altho- this fingering has evolved from type 4 it is best played in combination with type 1. On the following pages only this mixed fingering will be shown. [It will be referred to as 1D/4D]

FAMILIARITY WITH ALL 12 MAJOR SCALE FINGERINGS IS VALUABLE....
 ...especially when reading something for the first time. All forms do not, however, convert to really practical minor scale fingerings. On the following pages only the 9 best minor forms resulting from the conversion of the preceding major patterns will be emphasized.....
 eventually all possibilities will be shown.

DEFINITION OF "POSITION"

.....Because of the many finger stretches now encountered [with all the fingering possibilities having been presented] I feel that a refinement of the definition of a position is now advisable. Therefore let's now say; ONE FRET BELOW THE PLACEMENT OF THE SECOND FINGER DETERMINES THE POSITION.....

SPEED STUDY

Tempo must be constant thru-out

The musical score consists of six staves of music. The first staff is in treble clef with a key signature of one sharp (F#). It begins with a double bar line and a Roman numeral 'II' below the first measure. The music features a series of eighth and sixteenth notes, with some measures containing fingerings (V) and a double bar line. The second staff continues the melody with similar rhythmic patterns and fingerings. The third staff shows a change in the melodic line, still with eighth and sixteenth notes. The fourth staff introduces triplets, indicated by a '3' in a circle below the notes. The fifth staff continues with triplets and includes a double bar line. The sixth staff concludes the exercise with a final double bar line and a key signature change to one flat (F).

Change the signature and practice in other keys...this position. [Possible keys =C thru-all sharps and 1 thru-4 flats.] Later, convert to Minor keys.

Solo In Bb

In the following arrangement, strings are indicated [by numbers in circles] to aid in positioning the chord voicings.

RHYTHM GUITAR-THE RIGHT HAND

RHUMBA BASIC AND ORCHESTRAL

This is difficult but very good for the right hand. It may help to count the eighth-notes 1, 2, 3-1, 2, 3-1, 2 while learning.

Exercise

VARIATIONS [Practice with above exercise]

OPTIONAL ORCHESTRAL

This is the exact opposite of the preceding basic stroke, ..produces complimentary accents.

Exercise

VARIATIONS [Practice with above exercise]

ALSO SEE "ORCHESTRAL" BEGUINE... PG. 93 VOL. II

* * * * *

....EACH NOTE IN A CHORD IS CALLED A "VOICE". THESE VOICES ARE NUMBERED FROM THE TOP DOWN. The top note is always called the 1st voice... the note immediately below it is the 2nd voice... the next note down is the third voice, and so on [depending upon the number of notes in the chord].
....This is always the same regardless of whether the chord appears in close or open harmony.

TRIAD STUDIES... CHORDS IN C MAJOR

The following triad studies are primarily for the purpose of training the fingers to move from chord to chord...with emphasis on related [or economy of] finger movement. PAY STRICT ATTENTION TO FINGERINGS.

CLOSE VOICINGS

C Dm Em F B^o F Em Dm C G⁺ C[Sus4] C
[1st Inversion] [B⁺]

[2nd Inversion]

[Root Position]

• These brackets represent related fingerings...do not mix them.

OPEN VOICINGS

C Dm Em F B^o F Em Dm C G⁺ C[Sus4] C
[B⁺]

In the preceding OPEN VOICED TRIADS, the chords on the first stave have the 5th degree on the bottom...those on the second stave the root. These are the strongest chord degrees and therefore are the best "bass" notes. The open voicings on the third stave have the 3rd degree of the chords on the bottom...but, because they do not [and cannot] sound in the "real bass" range, special handling is not necessary. [See Vol II pg 84]

ADJACENT STRING-COMMON FINGER EXERCISES

"Roll" the finger tip from string to string so the notes flow from one to the next without ringing into each other....

This musical exercise is written for a single melodic line on a treble clef staff in 4/4 time. It consists of four measures. The first measure is marked with a Roman numeral 'III' and contains a triplet of eighth notes (G4, A4, B4) followed by a quarter note (C5). The second measure contains a quarter note (D5), an eighth note (E5), and a quarter note (F5). The third measure contains a quarter note (G5), an eighth note (A5), and a quarter note (B5). The fourth measure contains a quarter note (C6), an eighth note (B5), and a quarter note (A5). Fingering numbers (1-4) are placed above the notes to indicate fingerings. The exercise concludes with a double bar line and a final chord of G4, B4, and D5.

In the following exercise "Roll" the finger from the tip to the first joint...
...Do not let the notes ring together as a chord....

This musical exercise is written for a single melodic line on a treble clef staff in 12/8 time. It consists of four measures. The first measure is marked with a Roman numeral 'V' and contains a triplet of eighth notes (G4, A4, B4) followed by a quarter note (C5). The second measure contains a quarter note (D5), an eighth note (E5), and a quarter note (F5). The third measure contains a quarter note (G5), an eighth note (A5), and a quarter note (B5). The fourth measure contains a quarter note (C6), an eighth note (B5), and a quarter note (A5). Fingering numbers (1-4) are placed above the notes to indicate fingerings. The exercise concludes with a double bar line and a final chord of G4, B4, and D5.

MAJOR SCALES.. POSITION II

[12 KEYS--ASCENDING CHROMATICALLY]

FINGERING
TYPE

The musical score displays 12 major scales in Position II, arranged in 12 staves. Each staff begins with a key signature and a scale number. The scales are: 1A (C major), 4C (F# major), 2 (D major), 1D (E major), 4 (A major), 1B (B major), 4B (C# major), 1 (F major), 1D (G major), 4D (A# major), 3 (E# major), and 1C (Bb major). Each scale is written in treble clef with a 4/4 time signature. Fingerings are indicated by numbers 1, 2, 3, and 4, and slurs (s) are used for ascending and descending passages. The scales are arranged in 12 staves, each with a key signature and a scale number. The scales are: 1A (C major), 4C (F# major), 2 (D major), 1D (E major), 4 (A major), 1B (B major), 4B (C# major), 1 (F major), 1D (G major), 4D (A# major), 3 (E# major), and 1C (Bb major). Each scale is written in treble clef with a 4/4 time signature. Fingerings are indicated by numbers 1, 2, 3, and 4, and slurs (s) are used for ascending and descending passages.

PRINCIPAL REAL MELODIC MINOR SCALES.. POS. II

[9 PRACTICAL FINGERINGS]

The image displays nine musical staves, each representing a different Real Melodic Minor scale in Position II. Each staff includes the key signature, the scale name, and specific fingerings indicated by numbers (1-4) and slurs ((s)).

- Fm**: (s) 1 2 3 1 2 4 1 2, 2 1 4 3
- F#m**: (s) 1 3 4 2 3 4 1 3 1 (s) 3 4 1 3 4, (s) 3 2 1 4
- Gm**: 2 4 1 (s), 4 3 2 1
- Am**: 4 1 2 4 1 3 4 1 (s), (s) 1 4 3 2
- Bbm**: (s) 1 2 3 1 2 4 1 2, (s) 1 3 4 2 4, (s) 2 1 4 3
- Bm**: 1 3 4 1 3 4 2 3, (s) 1 2 4 1 3 4, (s) 4 3 1, (s) 3 2 1 4
- Cm**: 2 4 1 (s), 4 3 2 1
- Dm**: 4 1 2, 1, 2 1 4 3
- Em**: 1 3 4 1 3 1 3 4 1 2 4, (s) 4 3 1 4 2 1

(* Real Melodic Minor scale is derived from Tonic Major scale with b3.)

ARPEGGIOS..3 NOTE CHORDS

ALL MAJOR TRIADS...POS. V...PRESENTED CHROMATICALLY

ROOT
POSITION

Root Position arpeggios for all major triads, presented chromatically. The notation is in treble clef with a key signature of one flat (Bb). The chords and their fingerings are as follows:

- Ab: 1 4 2 2
- A: 3 3 4 1
- Bb: 2 1 4 4
- B: 1 1 2 3
- C: 4 3 1 1
- Cb: 2 2 4 1
- D: 1 4 3 3
- Eb: 4 4 1 2

ARPEGGIOS..3 NOTE CHORDS

ALL MINOR TRIADS...POS. V.. PRESENTED CHROMATICALLY

ROOT POSITION

FIRST INVERSION

The musical notation displays two systems of arpeggios for 12 minor triads in root position and first inversion. The triads are presented in chromatic order: A-flat minor, A minor, B-flat minor, B minor, C minor, C# minor, D minor, D# minor, E minor, E# minor, F minor, and F# minor. Each triad is shown with its constituent notes and fingerings (1-4) for both ascending and descending directions. The notation includes a treble clef, a key signature of one flat, and a 'V' marking at the beginning of the first line.

ABOUT CHORD SYMBOLS

Chord symbols are a form of musical shorthand for indicating chord structures. They can sometimes be so explicit as to indicate not only the harmonic content but the voicing and melodic potential as well. The following facts may help clear up some of the discrepancies that exist in their interpretation.

.....Any chord symbol involving the number 7 or higher [9, 11, 13] and contains no descriptive term or special mark [maj, min, -, dim, o, etc.] always represents a dominant seventh structure.

.....The abbreviation ALT. [for altered] means to play the chord degree so indicated chromatically altered up and/or down. This term is used exclusively with the 5th degree of major chords and minor 7th chords, and with the 5th and 9th degrees of dominant 7th chords. When the term ALT. appears with no specific chord degree indicated [and this only happens with dom7ths] it means to chromatically alter both the 5th and 9th degrees in either, or both directions in the same structure.

Melodic Rhythm Study No. 8 (duet)

Easy Swing Tempo

The first system of musical notation for 'The Merry Widow' consists of two staves. The upper staff begins with a treble clef and a key signature of one sharp (F#). The lower staff begins with a bass clef and a key signature of one sharp (F#). The music is in 2/4 time. The first measure of the upper staff contains a quarter note G4, a quarter rest, and a quarter note A4. The second measure contains a quarter note B4, a quarter note C5, and a quarter note D5. The third measure contains a quarter note E5, a quarter note F#5, and a quarter note G5. The fourth measure contains a quarter note A5, a quarter note B5, and a quarter note C6. The first measure of the lower staff contains a quarter note G3, a quarter note F#3, and a quarter note E3. The second measure contains a quarter note D3, a quarter note C3, and a quarter note B2. The third measure contains a quarter note A2, a quarter note G2, and a quarter note F#2. The fourth measure contains a quarter note E2, a quarter note D2, and a quarter note C2. The system concludes with a double bar line.

The musical score for 'The Rose Tree' is presented in two systems. The first system contains the first two measures of the first ending, marked '1.' and '2.'. The second system contains the next two measures, marked '3.' and '4.'. The music is written for a single melodic line on a five-line staff. The key signature has one flat (B-flat), and the time signature is 4/4. The notation includes various note values (quarter, eighth, and sixteenth notes), rests, and dynamic markings such as accents (^) and slurs. The first ending is marked with a double bar line and a repeat sign. The second ending is marked with a double bar line and a repeat sign. The score is written in a clear, legible style with standard musical notation.

A musical score for the song "The Rose Tree". The score is written for a piano and voice. The piano part is on the left, and the voice part is on the right. The piano part consists of two staves, and the voice part consists of one staff. The key signature is one flat (B-flat), and the time signature is 4/4. The piano part features a melody with a rising eighth-note pattern in the first measure, followed by a series of eighth and sixteenth notes. The voice part features a melody with a rising eighth-note pattern in the first measure, followed by a series of eighth and sixteenth notes. The piano part includes a large brace on the left side, indicating it is the piano accompaniment. The voice part includes a large brace on the right side, indicating it is the vocal melody. The score is divided into four measures by vertical bar lines. The first measure of the piano part has a treble clef and a key signature of one flat. The first measure of the voice part has a treble clef and a key signature of one flat. The second measure of the piano part has a treble clef and a key signature of one flat. The second measure of the voice part has a treble clef and a key signature of one flat. The third measure of the piano part has a treble clef and a key signature of one flat. The third measure of the voice part has a treble clef and a key signature of one flat. The fourth measure of the piano part has a treble clef and a key signature of one flat. The fourth measure of the voice part has a treble clef and a key signature of one flat. The piano part includes a large brace on the left side, indicating it is the piano accompaniment. The voice part includes a large brace on the right side, indicating it is the vocal melody. The score is divided into four measures by vertical bar lines. The first measure of the piano part has a treble clef and a key signature of one flat. The first measure of the voice part has a treble clef and a key signature of one flat. The second measure of the piano part has a treble clef and a key signature of one flat. The second measure of the voice part has a treble clef and a key signature of one flat. The third measure of the piano part has a treble clef and a key signature of one flat. The third measure of the voice part has a treble clef and a key signature of one flat. The fourth measure of the piano part has a treble clef and a key signature of one flat. The fourth measure of the voice part has a treble clef and a key signature of one flat.

ABOUT PRACTICING

.....Because the guitar is a percussive instrument, it is easy and most natural to play staccato phrasing. Therefore emphasis should be placed on legato practice of all studies...a smooth performance of connected notes (with absolute minimal silences between attacks). This type of phrasing is considerably more difficult and consequently more beneficial. A slow, strict tempo is best for this legato practice as the slightest inaccuracy is far more apparent.

.....The amount of time involved in practice is an individual situation, as the length of time possible for real concentration varies from person to person. For most students I suggest, instead of one long session, that maximum benefit is derived from two or three shorter periods of daily practice.

TRIAD STUDIES... CHORDS IN F MAJOR

[PAY STRICT ATTENTION TO FINGERINGS]

CLOSE VOICINGS

F Gm Am B $\flat$ E $^{\circ}$ B $\flat$ Am Gm F C $^{+}$ F[Sus4] F
 [Root Pos.] [E $^{+}$]

[1st Invers.]

[2nd Invers.]

OPEN VOICINGS

F Gm Am B $\flat$ E $^{\circ}$ B $\flat$ Am Gm F C $^{+}$ F[Sus4] F
 [E $^{+}$]

* All voicings in this sequence have the 3rd in the "bass". [Vol II pg 84]

TECHNICAL STUDY

Practice with all possible fingerings...picking each note, and also picking only the 1st note of each triplet group, slurring the rest.

[illegible]

ABOUT CHORD CONSTRUCTION

.....Chords are built upwards in 3rds. On the following pages all chord degrees are to be derived from MAJOR SCALES.

1 3 (4) * 5 (6) ** 7 9 11 * 13 ***

- * The 11th is [or should be] called SUS 4 on Major and Dom7th chords.
- ** The 6th often replaces the 7 with Tonic and Sub-dominant chords.
- *** The 13th [same note as the 6th] can only exist with Dom7th chords.

Also NOTE: The number seven with the slash thru it represents a MAJOR 7th... It will be used very often thru-out this book.

PRINCIPAL REAL MELODIC MINOR SCALES.. POS. IV

[9 PRACTICAL FINGERINGS]

The image displays nine melodic minor scales in treble clef, 4/4 time. Each scale is presented with its ascending and descending forms, including fingering numbers and slurs. The scales are:

- F#m**: Ascending (1 3 4), Descending ((s) 4 3 1)
- Bm**: Ascending (4 1 2 4 1 3 4), Descending ((s) 4 3 2 1)
- Em**: Ascending (4 1 2), Descending ((s) 1 2)
- Am**: Ascending ((s) 1 2 3 4), Descending ((s) 1 - 1)
- Dm**: Ascending (2 4 1), Descending ((s) 1 2)
- Gm**: Ascending ((s) 1 2 3), Descending ((s) 1 2 3 4)
- Cm**: Ascending ((s) 1 2 3), Descending ((s) 1 2 4)
- Abm**: Ascending (1 3 4 1 3 4), Descending ((s) 1 2 3 4)
- Dbm**: Ascending (1 3 4 1 3 4), Descending ((s) 1 2 3 4)

CHORD CONSTRUCTION...4 PART HARMONY

All chords are constructed from Major Scale degrees as follows...

Major 7th	Cma7 [major scale degrees] 1 3 5 7	Minor[maj.]7th	Cm7 1 b3 5 7
Major 6th	C6 1 3 5 6	Minor 6th	Cm6 1 b3 5 6
Dominant 7th	C7 1 3 5 b7	Minor 7th	Cm7 1 b3 5 b7
Dom. 7 aug 5	C7+5 1 3 #5 b7	7th Sus4	C7Sus4 1 4 5 b7
Dom. 7 b5	* C7b5 1 3 b5 b7	Min 7b5	Cm7b5 1 b3 b5 b7
		Diminished 7th	* C°[7] 1 b3 b5 b7
		optional spelling	C°[7] 1 b3 #4 b7

...As it is impossible to play most close voiced structures as chords we must learn their spelling by practicing them as arpeggios. This must be done so thoroughly that chord spelling becomes automatic. Fingerings are derived from the 12 form major scales and you should practice them until they require very little [if any] conscious effort..

* See special pages 96 and 97 for info. on Dim. 7th and Dom. 7b5 chords.

CHORD
SPELLING ...

ARPEGGIOS..4 NOTE C CHORDS

Fingering for all 4 note chords is shown in the 5th position with temporary changes to adjacent positions when necessary. After learning the spelling and fingering for each group of arpeggios as written, you must learn to spell [and play] all structures from all letter names existing from pos. II thru- pos.X. [I suggest doing this transposition on the guitar without writing out.]

NATURAL MINOR SCALES

THE NATURAL MINOR SCALE HAS THE SAME KEY SIGNATURE AND EXACTLY THE SAME NOTES AS ITS "RELATIVE" MAJOR SCALE. START ON THE SIXTH DEGREE OF ANY MAJOR SCALE... CONSIDER THIS NOTE AS THE "TONIC" [1st DEGREE] OF THE NATURAL MINOR SCALE. RE-NUMBER THE NOTES [1 THRU - 7 UPWARDS] FROM THIS NEW TONIC FOR THE DEGREES OF THE [RELATIVE] NATURAL MINOR SCALE.

...ANOTHER WAY TO CONSTRUCT THE [RELATIVE] NATURAL MINOR SCALE IS TO TAKE THE NOTES A *DIATONIC 3rd BELOW THOSE OF THE MAJOR SCALE.. [TAKE THE NOTE ONE LINE BELOW A NOTE ON A LINE.. OR ONE SPACE BELOW A NOTE ON A SPACE.. DO NOT CHANGE THE KEY SIGNATURE.]

[*DIATONIC - CONFINED TO THE NOTES OF THE KEY SIGNATURE.. NO ALTERATIONS.]

TABLE OF RELATIVE MAJOR-MINOR KEYS

↕	C MAJ.	D MAJ.	E♭ MAJ.	F MAJ.	G MAJ.	A MAJ.	B♭ MAJ.
	A min.	B min.	C min.	D min.	E min.	F♯ min.	G min.

...WHEN YOU PLAY A MAJOR SCALE FROM ITS 6th DEGREE THIS IS CALLED THE NATURAL MINOR OR AEOLIAN MODE.

NO EXERCISES IN NATURAL MINOR SCALES ARE GIVEN HERE AS THE FINGERINGS ARE EXACTLY THE SAME AS THE [RELATIVE] MAJOR SCALES SHOWN BEFORE. [FOR READING PRACTICE SEE "MODAL TRANSPOSITION".]

* * * * *

MODES A BRIEF DISCUSSION

THERE ARE NAMES TO INDICATE THE PLAYING OF A SCALE FROM EACH OF THE [7] NOTES. THESE ARE CALLED MODES. THEY ARE AS FOLLOWS: IONIAN MODE.. FROM THE TONIC [OR 1], DORIAN.. FROM THE 2nd, PHRYGIAN.. FROM THE 3rd, LYDIAN.. FROM THE 4th, MIXOLYDIAN.. FROM THE 5th, AEOLIAN.. FROM THE 6th, LOCRIAN.. FROM THE 7th.

... THERE ARE TWO WAYS IN WHICH THESE MODAL TERMS ARE EXPRESSED...

1. DORIAN MODE, KEY OF C, MEANS THE C SCALE STARTING ON THE 2nd NOTE [D]
2. C DORIAN, MEANS START ON THE NOTE C AND PLAY THE SCALE OF WHICH C IS THE 2nd DEGREE... i.e. THE B♭ SCALE FROM C

[AUTOMATIC] MODAL TRANSPOSITION =

PLAYING THE NOTES AS WRITTEN
ON THE STAFF, BUT WITH A DIFFERENT KEY SIGNATURE FROM THE ORIGINAL.

ADDITION OF 2 FLATS TO A KEY SIGNATURE PRODUCES THE	DORIAN MODE
" " 4 FLATS " " " " " " " " " "	PHRYGIAN MODE
" " 1 SHARP " " " " " " " " " "	LYDIAN MODE
" " 1 FLAT " " " " " " " " " "	MIXOLYDIAN MODE
" " 3 FLATS " " " " " " " " " "	AEOLIAN MODE
" " 5 FLATS " " " " " " " " " "	LOCRIAN MODE

NOTE: When you add flats to a signature containing sharps, each flat cancels out one sharp... i. e. Adding 2 flats to the key of D Maj = C Maj. Adding 2 flats to G Maj = F Maj.

TO FAMILIARIZE YOUR EAR WITH THE SOUNDS OF THESE MODES [AND FOR EXTRA READING PRACTICE FROM MUSIC ALREADY OWNED] REFER TO READING STUDIES, SPEED STUDIES, OR ANY COMPLETELY DIATONIC MUSIC IN VOLUMES I AND II. ... TRANSPOSE FIRST INTO THE AEOLIAN MODE [ADDITION OF 3b's TO THE SIG] AS IT HAS THE MOST NATURAL SOUND TO OUR EARS. THEN LATER [IN THIS ORDER] TRANSPOSE TO PHRYGIAN, DORIAN, LYDIAN, MIXOLYDIAN AND LOCRIAN MODES.

HARMONIC MINOR SCALES

THE HARMONIC MINOR SCALE HAS THE SAME KEY SIGNATURE AS ITS RELATIVE MAJOR SCALE AND ALL NOTES BUT ONE ARE THE SAME. FOLLOW THE SAME PROCEDURE AS WITH NATURAL MINOR EXCEPT: THE 7th DEGREE MUST BE RAISED ONE HALF STEP. [THIS RAISED 7th DEGREE BECOMES THE "LEADING TONE" OF THE HARMONIC MIN. SCALE.]

HARMONIC MIN. SCALE.]													1	2	3	4	5	6
EXAMPLE:	[degrees]	1	2	3	4	5	6	7	[8]	[9]	[10]	[11]	[12]	[13]				
	MAJ. SCALE	→	C	D	E	F	G	A	B	C	D	E	F	G	A etc..			
	MIN. SCALE	→						a	b	c	d	e	f	g [#]	a			
								[degrees]	1	2	3	4	5	6	7	[8]		

THE FINGERINGS OF A HARMONIC MINOR SCALE ARE EASILY MASTERED WHEN YOU REALIZE THAT IT IS NOTHING MORE THAN THE RELATIVE MAJOR SCALE WITH ONE NOTE RAISED. ... THEREFORE ALL PLAYING POSITIONS AND FINGERING TYPES COINCIDE. LEARN HARMONIC MINOR BY CONVERTING FROM RELATIVE MAJOR TO MINOR. ... USE ANY MAJOR SCALE FINGERING PATTERN. SHARP THE 5th SCALE DEGREE. [OF THE MAJ.] AND YOU ARE PLAYING THE RELATIVE HARMONIC MINOR SCALE. [OR. ... USE THE NATURAL MINOR SCALE AND GIVE IT A "LEADING TONE" BY RAISING ITS 7th DEGREE.]

The image shows four musical staves in treble clef with a common time signature (C).
 1. C Major: Notes C4-D4-E4-F4-G4-A4-B4-C5. Fingerings: 2, 4, 1, 2, 4, 1, 2, 4.
 2. A Harm. Min. (s): Notes A4-B4-C5-D5-E5-F#5-G5-A5. Fingerings: 4, 1, 2, 4, 1, 2, 4, 1, 3.
 3. F Major: Notes F4-G4-A4-Bb4-C5-Bb4-A4-G4-F4. Fingerings: 2, 4, 1, 2, 4, 1, 2, 4.
 4. D Harm. Min.: Notes D4-E4-F4-G4-A4-B4-C#5-D5. Fingerings: 4, 1, 2, 4, 1, 2, 1, 2, 4.

NOTE: Harmonic Minor is the only scale to contain an interval of an augmented 2nd. ... It occurs between the 6th and 7th scale degrees.

A HARMONIC MINOR..9 POSITIONS

The image displays nine positions of the harmonic minor scale, labeled I through IX, arranged in three rows of three. Each position is written on a single staff in treble clef with a key signature of one sharp (F#). The scales are as follows:

- Position I:** C4, D4, E4, F#4, G4, A4, B4, C5. Fingering: 0, 2, 3, 0, 2, 3, 1, 2, (4), 0, 1, 3, 0, (s), 1, 4.
- Position II:** D4, E4, F#4, G4, A4, B4, C5, D5. Fingering: 1-1, 3, 4, 1, 1, 2, 4, 1, 2, 4, 1, 2, 4, (s), 1, 3, 4, 2, 4, 1, (s), 3.
- Position III:** E4, F#4, G4, A4, B4, C5, D5, E5. Fingering: 4, 1-1, 3, 4, 1, 2, 4, 4, (s), 2, 4, 4, (s), 1.
- Position IV:** F#4, G4, A4, B4, C5, D5, E5, F#5. Fingering: 2, 4, (s), 1, 2, 4, 1, 3, 4, 1, 2, 4, 2, 3, 1, 2, (s), 4, 1, 3, 1, 2, (s), 4.
- Position V:** G4, A4, B4, C5, D5, E5, F#5, G5. Fingering: 1-1, 3, 4, 1, 3, 4, 2, 3, (s), 4, 1, 3, 1, 2, (s), 4.
- Position VI:** A4, B4, C5, D5, E5, F#5, G5, A5. Fingering: 1, 2, 3, (s), 1, 2, 3, 1, 2, 4, (s), 1, 2, 4, 1, 4, (s), 1, 2, 1, 2, 3, 4, (s), 1.
- Position VII:** B4, C5, D5, E5, F#5, G5, A5, B5. Fingering: 1-1, 3, 4, 3, 4, 1, 1, 3, 4, 1, 3, 4, 3, 4, 1, 2.
- Position VIII:** C5, D5, E5, F#5, G5, A5, B5, C6. Fingering: 4, 2, 1, 4, 2, 1, 1, 2, 1, 2, 1, 2.

The guitar is a very difficult instrument on which to "see" exactly what you are playing. There are multiple choices for playing single notes and many chord voicings IN THE SAME OCTAVE. The strings are not tuned with constant intervals between them [like the violin, viola, cello etc.] so the relative location and fingering for the same group of notes varies from one set [of strings] to another.

The fact that the guitar is not a very visual instrument can prove to be quite a problem at times... especially when dealing with the study of harmony. Position marks are, of course, a great help, but they don't begin to clarify the layout of sounds like the physical appearance of the other harmonic instruments... The black and white keys of the piano, harpsichord and accordian, , the staggered bars of the xylophone and vibes... even the colored strings of the harp.

WITH REGARD TO ALL THIS, AND BECAUSE I FEEL IT IS VERY IMPORTANT TO BE ABLE TO APPLY DIRECTLY TO THE GUITAR [WITHOUT ANY INTERMEDIATE STEPS] THE FOLLOWING STUDIES INVOLVING CHORD CONSTRUCTION, MELODIC ANALYSIS etc. ,WE SHALL CONCENTRATE ON THREE NOTE CHORD VOICINGS.

MELODIZATION OF TRIADS

Melodization of triads is accomplished by replacing the top note of a triad [the root, 3rd or 5th depending on the inversion] with a higher degree of the scale from which the chord is formed. These notes [other than 1, 3 or 5] are referred to as TENSION NOTES, TENSIONS or HIGH DEGREES.

MELODIC TENSIONS POSSIBLE FOR [TONIC] MAJOR CHORDS

Rt position			1st inversion		2nd invers.	
5	6	7	1	9	3	[sus] 4 *
3	3	3	5	5	1	1
1	1	1	3	3	5	5

GENERAL RULE: A MELODIC TENSION REPLACES THE 1st TRIADIC TONE DIRECTLY BELOW IT IN PITCH. .[usually found on the same string]

Note that the 3rd is present in all voicings [except sus4*]. The 3rd is the most important chord degree as it alone indicates whether the structure is major or minor.

Tensions are also used as inside voices of chords... but because these are more difficult to "see" we shall not emphasize them until later.

* sus = abbreviation for suspension. A dissonant note which eventually resolves into the same chord... usually downward to a lower chordal degree; or into a different chord which contains the same note... i. e. common tone.

RECOGNITION OF MELODIC DEGREES

Basic Chord Melodic degrees

↓ 5 6 5 1 9 1 3 [sus] 4 3 5 6 5

C

F

B $\flat$

Basic Chord Melodic degrees

↓ 5 6 7 1 7 6 5 6 7 1 9 1 7

C

F

B $\flat$

* The 7th degree offers an exception to the general rule for tensions on three part voicings, in that IT MAY REPLACE THE 1st TRIADIC TONE ABOVE IT...i. e. 7 for 1 [usually located on the same string]

[Recognition of Melodic Degrees]

Melodic degrees

#5 to b5

C[alt.5] F[alt.5] Bb[alt.5]

The abbreviation ALT. [for altered], when used with chord symbols, means to chromatically raise and/or lower the indicated degree.

#4 to 5
[b5]

C F Bb

- * #4 [like the 7th] may replace the 1st triadic tone above it... i. e. #4 for 5. This is because #4 = enharmonic b5. [Enharmonic = two different letter or number designations for the same tone.. F#/Gb]

Note; #4 is a diatonic tension on sub-dom [IV] chords.

ABOUT CHORD VOICINGS

On the guitar it is impossible, most of the time, to play all degrees of chords containing tensions or double alterations. The lack of mobility of five [or more] note structures and the sounding range involved in voicings with double alterations prohibits their use even when they are physically possible... which is seldom. However any and all chord degrees that are present in a voicing must conform with the instructions contained in the chord symbol. REMEMBER; Additions to chord structures are dangerous [maj. 7ths, 6ths etc.. at least until after you have heard what is sounding around you], ... Alterations not indicated are madness, Deletions are the "norm", smart, sensible and usually the most musical.

..... Because of all this it is important to remember that the root and 5th are the most dispensible degrees of almost all types of chord structures... the 3rd is the most necessary. Like the frosting on a cake, more than one tension is nice if physically available, but certainly not a requisite.

CHORD-SCALE RELATIONSHIPS... DOMINANT 7th CHORDS

[For the purpose of improvisation]

THE BASIC IDEA: . . . Chord-scale relationships are the result of alterations forced on the PRECEDING scale sound by the actual construction of the chord itself.

An E7th chord occurring in the key of C major forces the G natural to become G $\sharp$. . . therefore until the occurrence of the next chord you are functioning in the scale of A Harmonic minor. An E7th chord occurring in F major alters the existing G natural to G $\sharp$ and forces the B $\flat$ to become B natural. . . therefore once again the scale for the duration of the E7th chord is A Harmonic minor. An E7th chord occurring in the key of G raises the G natural to G $\sharp$ as in the previous examples. . . but when this G $\sharp$ is added to the F $\sharp$ that already exists in the scale the sound that results is A Real Melodic minor.

Examples; [Scales are named below each sequence of chords.]

C E7[$\flat$ 9] Am7 A9 Dm7 G7 C

C Maj | A Harm. Min. | C Maj | D Real Mel. Min. | C Maj.

C B7[$\flat$ 9] C A7 $\flat$ 9 D9 G7 C

C Maj | E Harm. Min. | C Maj | D Harm. min. | G Maj | C Maj

C F9 Em7 E $\flat$ 9 Dm7 D $\flat$ 9[13] C

C Maj // C Real Mel. Min. | C Maj | B $\flat$ R. Mel. Min. | C Maj | A $\flat$ R. Mel. Min.

C C9 F A $\flat$ 9 G9 sus4 D $\flat$ 9[13] C

C Maj | F Maj | C or F Maj | E $\flat$ R. Mel. Min. | C Maj | A $\flat$ R. Mel. Min.

C G $\flat$ 9[13] F B $\flat$ 9 C G7 C

C Maj | D $\flat$ R. Mel. Min. | C or F Maj | F R. Mel. Min. | C Maj

...A more "in depth" look at dom7th chord-scale relationships follows later.

MAJOR SCALES.. POSITION V

[12 KEYS -- DESCENDING CHROMATICALLY]

The image displays a musical score for 12 major scales in Position V, arranged in pairs of treble and bass staves. The scales are written in a descending chromatic pattern, with fingerings and slurs indicated. The scales are arranged in pairs, with the first staff of each pair in treble clef and the second in bass clef. The key signatures are: C major, G major, D major, A major, E major, B major, F# major, C# major, G# major, D# major, A# major, and E# major. The scales are written in a descending chromatic pattern, with fingerings and slurs indicated.

This page contains ten systems of musical notation, each consisting of a treble and bass staff. The notation includes various musical symbols such as notes, rests, and accidentals. Fingerings are indicated by numbers 1, 2, 3, and 4. Some systems include a circled 's' above a note, possibly indicating a specific technique or articulation. The key signature changes throughout the piece, starting with one flat and ending with two sharps. The notation is written in a standard musical style with a clear focus on the melodic and harmonic lines of the piece.

DIMINISHED SCALES..IN POSITION

The Diminished Scale is made up of intervals 2, 1, 2, 1, 2, 1, 2, 1... Practice very carefully as this uniformity produces a rather strange sound. Each fingering pattern contains at least one "Double stretch" indicated by $\overbrace{1\ 2\ 3\ 4}$ or $\overbrace{4\ 3\ 2\ 1}$. This extending of the 1st and 4th fingers may feel awkward at first, but it will prove very valuable for future scale situations. [Remember, stretch the fingers - don't move the hand.] The primary use of Diminished scales in improvization is over dim [7th] chords. When descending, it sounds better if you start on a high degree [or non-chord tone] of the dim. chord. When ascending, start from any note of the scale.

$G^\circ / B_b^\circ / D_b^\circ / E^\circ$
FINGERING
PATTERN 1

The diagram shows two staves of music. The top staff is in treble clef and contains an ascending diminished scale starting on G4. It includes fingerings (1-4, 2-3, 3-4, 1-2, 2-3, 3-4, 1-2) and double stretches marked with (s) over 1-2-3-4 and 4-3-2-1. The bottom staff is in bass clef and contains a descending diminished scale starting on E4. It includes fingerings (4-3-2-1, 3-2-1, 2-1, 4-3-2-1, 3-2-1, 2-1, 4-3-2-1) and double stretches marked with (s) over 4-3-2-1 and 3-2-1-4.

The following pattern(no.2) employs the double stretch on strings 4 and 2.....

$G^\circ / B_b^\circ / D_b^\circ / E^\circ$
PATTERN 2

The diagram shows two staves of music. The top staff is in treble clef and contains an ascending diminished scale starting on G4. It includes fingerings (1-2-3-4, 2-3-4, 3-4, 1-2, 2-3-4, 3-4, 1-2) and double stretches marked with (s) over 1-2-3-4 and 4-3-2-1. The bottom staff is in bass clef and contains a descending diminished scale starting on E4. It includes fingerings (4-3-2-1, 3-2-1, 2-1, 4-3-2-1, 3-2-1, 2-1, 4-3-2-1) and double stretches marked with (s) over 4-3-2-1 and 3-2-1-4.

The following pattern(no.3) employs the double stretch on strings 6 and 1....

$G^\circ / B_b^\circ / D_b^\circ / E^\circ$
PATTERN 3

The diagram shows two staves of music. The top staff is in treble clef and contains an ascending diminished scale starting on G4. It includes fingerings (1-2-3-4, 2-3-4, 3-4, 1-2, 2-3-4, 3-4, 1-2) and double stretches marked with (s) over 1-2-3-4 and 4-3-2-1. The bottom staff is in bass clef and contains a descending diminished scale starting on E4. It includes fingerings (4-3-2-1, 3-2-1, 2-1, 4-3-2-1, 3-2-1, 2-1, 4-3-2-1) and double stretches marked with (s) over 4-3-2-1 and 3-2-1-4.

[Memorize the fingering patterns... practice all Diminished Scales, in all positions]

Practice as follows:

PATTERN 1 | **PATTERN 2** | **PATTERN 3** | **PATTERN 1**

Descend from non-chord tone - from each finger

II III IV V

Ascend from non-chord tone - each finger

Ascend from chord tone - each finger

5 6

Examples of application for improvization

Another example of application: Treating [cycle 5] dom 7th progression like a chromatic sequence of dim 7th chords.

G° $F^{\sharp\circ}$ F° E°
 $[F^{\sharp}7b9]$ $[B7b9]$ $[E7b9]$ $[A7b9]$ D
 Bb° A° Ab° G°
 $[A7b9]$ $[D7b9]$ $[G7b9]$ $[C7b9]$ F

Additional Diminished Scale fingerings

1.] Constant fingering - one position change [two octaves _No stretches]

The musical score for 'The Rose Tree' is presented on two staves. The top staff begins with a treble clef and a key signature of one sharp (F#). The melody is written in a single line with various accidentals (sharps, flats, naturals) and is accompanied by a bass line consisting of a series of numbered circles (1 through 6) indicating fingerings. The bottom staff continues the melody and bass line, also featuring numbered circles for fingerings. The piece concludes with a double bar line and a repeat sign. The title 'THE ROSE TREE' is printed in all caps at the bottom of the page.

2.] Constant fingering - double stretch and position change on every string [three octaves]

[These additional fingerings are less practical for general use.]

CHORD CONSTRUCTION...3 NOTE VOICINGS

DOMINANT 7th CHORDS

A complete Dominant 7th chord contains four notes. To construct 3 note voicings that accurately represent its sound, the chord degrees of 3 and $\flat 7$ must be present. These two notes of the Dom7th chord are called the TRITONE, as they are three whole steps apart... They form the unstable element that causes the restless sound... the need to resolve by moving on to another chord.

PREPARATION OF [CLOSE] VOICINGS

C	C $\flat 6$	C7	[TRITONE = E, B$\flat$]
C	C7	C7	
F	F $\flat 6$	F7	[TRITONE = A, E$\flat$]
F	F7	F7	
A	A $\flat 6$	A7	[TRITONE = C$\sharp$, G]
A	A7	A7

MAMBO [FAST-IN 2]

The first staff of music is written in treble clef with a key signature of one flat (B-flat). It begins with a double bar line followed by a repeat sign. The melody consists of eighth notes and quarter notes. Above the staff, there are five sets of square boxes containing rhythmic values: two groups of 'v' and three groups of 'V'. Chord symbols 'Am' appear above the first measure and the final measure, while 'E7' appears above the fourth measure. Below the staff, there are several annotations: '(9)' under the first two measures, a comma under the third measure, and another comma under the fifth measure.

VARIATION

BOLERO [moderate 4]

First staff of music, treble clef, 4/4 time. Key signature: one flat (Bb). The staff contains a series of eighth notes, some beamed in groups of three. Chord symbols above the staff are: Eb, Bb7[susEb], Bb7, and Eb. The notation includes various musical symbols such as stems, beams, and accidentals.

F MAJOR SCALE..12 POSITIONS

FINGERING
TYPE

The image displays the F Major Scale in 12 positions, each with specific fingerings and slurs indicated above the notes. The positions are labeled I through XII.

- Position I:** 4C, Treble clef, key signature of one flat (Bb). Fingerings: (s) 0 1 3, (s) 0 2 3, (s) 0 2 3 1, (s) 0 1 3, (s) 4. Slurs are present over the first four groups of notes.
- Position II:** 1A, Treble clef, key signature of one flat (Bb). Fingerings: (s) 1 2 4, (s) 2 4 1 2 4, (s) 1 2 3 1. Slurs are present over the first two groups of notes.
- Position III:** 4A, Treble clef, key signature of one flat (Bb). Fingerings: 1 3 4 1, 3 1 3 4, 1. Slurs are present over the first two groups of notes.
- Position IV:** 1C, Treble clef, key signature of one flat (Bb). Fingerings: (s) 1 2 4 1, (s) 2 4 2 3, (s) 1. Slurs are present over the first two groups of notes.
- Position V:** 3, Treble clef, key signature of one flat (Bb). Fingerings: 4 1 3 4, 1 3 1 2 4, 4 1-1 2. Slurs are present over the first two groups of notes.
- Position VI:** 1D, 4D, Treble clef, key signature of one flat (Bb). Fingerings: (s) 3 1 2 3, (s) 1 2 4 1, (s) 3 4 1 3, (s) 4, 3 2 1 3, 1, 3 4-4 1. Slurs are present over the first three groups of notes.
- Position VII:** 1, Treble clef, key signature of one flat (Bb). Fingerings: 2 4 1 2, 4 1 3 4, 2 4 1 2, 4. Slurs are present over the first two groups of notes.
- Position VIII:** 4B, Treble clef, key signature of one flat (Bb). Fingerings: 1 3 4 1, 3 4 2 3, 1. Slurs are present over the first two groups of notes.
- Position IX:** 1B, Treble clef, key signature of one flat (Bb). Fingerings: (s) 1 2 4 1, (s) 2 4 1 2, 4. Slurs are present over the first two groups of notes.
- Position X:** 4, Treble clef, key signature of one flat (Bb). Fingerings: 4 1 3 4, 1 3 4 1 3, 4 1-1 2. Slurs are present over the first two groups of notes.
- Position XI:** 1D, Treble clef, key signature of one flat (Bb). Fingerings: (s) 3 1 2 3, (s) 1 2 4 1, (s) 2, 3 4-4 1. Slurs are present over the first three groups of notes.
- Position XII:** 2, Treble clef, key signature of one flat (Bb). Fingerings: 2 4 1 2, 4 1 3 4, 1. Slurs are present over the first two groups of notes.

D HARMONIC MINOR..9 POSITIONS

The image displays nine musical staves, each representing a different position of the D harmonic minor scale. The staves are labeled with Roman numerals: II, IV, VI, VII, and IX. Each staff contains a sequence of notes with specific fingerings indicated by numbers (1-4) and slurs. Some notes are marked with a circled 's' for 'sharpened'. The staves are arranged in a vertical sequence, with some staves containing multiple measures of music. The key signature is one sharp (F#), and the time signature is 4/4. The staves are labeled with Roman numerals: II, IV, VI, VII, and IX. Each staff contains a sequence of notes with specific fingerings indicated by numbers (1-4) and slurs. Some notes are marked with a circled 's' for 'sharpened'. The staves are arranged in a vertical sequence, with some staves containing multiple measures of music. ABOUT ALTERED CHORDS [AND CHORD DEGREES]

- THE 4th _____ SUS4 [suspended 4th] means that the 4th degree must replace the 3rd in all major and dom7th structures... the 3rd is available only as a melodic passing tone.
 _____ With minor chords sus4 may replace or be used with $\flat 3$. [see 11th]
- THE 5th _____ When the 5th is specifically indicated as sharpened or flattened on dom7ths you should be able to assume that it is truly altered, but this is not so. Rather often the real meaning of a written $\flat 5$ is $+11$, and $\sharp 5$ is $\flat 13$... [see $+11$ and $\flat 13$]
 Also the player [when improvising] frequently has a choice in the interpretation of a specifically raised or lowered 5th, some of which may be slightly imperfect theoretically but ultimately more musical... for example;
 When the 5th is sharpened it may be treated melodically as a $\flat 13$ and the normal 5th is used as a passing tone.
 When the 5th is flattened it may be treated melodically as a $+11$ and the 5th is used as a passing tone.
 _____ With minor [7th] chords a specifically raised or lowered 5th does in fact represent a truly altered 5th degree.
- THE 9th _____ When the 9th is specifically flattened or sharpened it is truly altered harmonically and melodically. [The $\sharp 9$ is sometimes melodically treated as $\flat 3$.] Alt. 9 occurs with dom7th chords only.
- THE 11th _____ The 11th [with dom7th structures] is actually an enharmonically named sus4, but it indicates the possible presence of 9 and $\flat 7$ in the voicing. An 11th chord therefore is a dom9 [sus4].
 _____ The 11th with minor chords represents the addition of another degree to the total structure as it may be used with the $\flat 3$ and/or 5, $\flat 7$ and 9.
 _____ The augmented 11th [$\sharp 11$, $+11$, 11^+] exists only with major and dom7th chords. It is an added degree to the total structure [of 1, 3, 5, 7, 9] and is used with the 3rd. It does not necessarily replace any chord degree. It is often misleadingly called $\flat 5$.
- THE 13th _____ The $\flat 13$ is actually an enharmonically named $\sharp 5$. It cannot be used harmonically with a normal 5th, but it does not represent an altered 5th. It is called $\flat 13$ to indicate that the normal 5th is to be used as a melodic passing tone. Flat 13 is often misleadingly named $\sharp 5$. [13ths can occur only in dom7th chords.]
 Note; Whenever this $\flat 13$ seems to exist on a Min7th chord you are actually dealing with a I for III $\flat$ m7 situation. The appearance of an open voicing of the I chord with the 3rd in the bass, the root in the lead and the sound brightened up with the 9th inside may mislead you into thinking otherwise. [Probably the best name for this structure is Min7[add $\flat 6$].]

MAJOR SCALES.. POSITION VII
 [12 KEYS-- ASCENDING CHROMATICALLY]

The image displays 12 staves of music, each representing a major scale in a different key, arranged in ascending chromatic order. The scales are written in treble clef with a 4/4 time signature. Each staff includes fingering numbers (1, 2, 3, 4) and a circled 's' indicating a slur. The scales are as follows:

- Staff 1: Key of F major (one flat). Fingering: (s) 1 2 4.
- Staff 2: Key of E major (one sharp). Fingering: (s) 1 4 2.
- Staff 3: Key of D major (two sharps). Fingering: (s) 1 3 4.
- Staff 4: Key of C major (no sharps or flats). Fingering: (s) 1 4 3.
- Staff 5: Key of B major (two sharps). Fingering: 2 4 1.
- Staff 6: Key of A major (three sharps). Fingering: 2 1 4.
- Staff 7: Key of G major (one sharp). Fingering: (s) 3 1 2.
- Staff 8: Key of F# major (three sharps). Fingering: 3 2 (s) 1.
- Staff 9: Key of E# major (four sharps). Fingering: 4 1 3.
- Staff 10: Key of D# major (four sharps). Fingering: 4 3 1.
- Staff 11: Key of C# major (three sharps). Fingering: (s) 1 2 4.
- Staff 12: Key of B# major (four sharps). Fingering: (s) 1 4 2.

The musical score consists of 12 staves, each containing a single melodic line. The notation is complex, featuring many beamed sixteenth and thirty-second notes. Fingerings are indicated by numbers 1, 2, 3, and 4 above or below notes. Slurs are marked with '(s)' above groups of notes. The key signature changes between staves, alternating between one sharp (F#) and one flat (Bb). The staves are arranged in a single system across the page.

PRINCIPAL REAL MELODIC MINOR SCALES.. POS. VII

The following table summarizes the scales and their specific notation details from the image:

Scale Label	Key Signature	Fingering (Ascending)	Fingering (Descending)
Bbm (s)	Two flats (Bb, Eb)	1 2 3	3 2 1
Bm	Three sharps (F#, C#, G#)	1 3 4 1 3 4	4 3 2 1 4 3
Cm	One flat (Bb)	2 4 1	3 2 1
Dm	Two sharps (F#, C#)	4 1 2	3 2 1
Ebm (s)	Three flats (Bb, Eb, Ab)	1 2 3	3 2 1
Em	Four sharps (F#, C#, G#, D#)	1 3 4 1 3 4	4 3 2 1 4 3
Fm	Four flats (Bb, Eb, Ab, Db)	2 4 1	3 2 1
Gm	Two sharps (F#, C#)	4 1 2	3 2 1
Am	Three sharps (F#, C#, G#)	1 3 4	4 3 2 1

CHORDS...3 NOTE VOICINGS

MELODIZATION OF DIMINISHED TRIADS

MELODIC DEGREES = Chord tones plus notes a whole step above and/or a half step below them...[Diminished scale]

[FINGERING IS CONSTANT IF SEQUENCE IS PLAYED ON SAME SET OF STRINGS]

OPEN VOICINGS

NOTE: AS WE DEAL ALMOST EXCLUSIVELY WITH DIMINISHED SEVENTH CHORDS, ALL OF THE PRECEDING SEQUENCES MAY BE PLAYED WITH ANY OF THE LETTER NAMES THAT MAKE UP THE 4 NOTE DIM7th STRUCTURE.

MELODIZATION OF AUGMENTED TRIADS

Melodic degrees = chord tones plus notes a whole step above and/or below them... [1, 9, 3, b5, +5, b7... Whole Tone Scale]

E HARMONIC MINOR..9 POSITIONS

This musical score presents the E Harmonic Minor scale in nine positions, each with specific fingering and technical markings. The notation is as follows:

- Position I:** Treble clef, key of E minor (F#). Fingering: 0 2 0 0 2 3 1 2 4 0 2 0 1 4 0 2. Includes a (4) above the 11th fret.
- Position II:** Treble clef. Fingering: 1-1 3 4 3 4 1 1 3 4. Includes circled numbers 4, 3, 2, 6.
- Position III:** Treble clef. Fingering: (s) 4 2 1-1 2 1 2. Includes circled numbers 1, 2, 3, 4.
- Position IV:** Treble clef. Fingering: 4 1 2 (s) 1 2. Includes circled numbers 3, 4.
- Position V:** Treble clef. Fingering: 1-1 3 4 2 3 4 (s) 1 2 4 (s) 1. Includes circled numbers 3, 2, 3, 4.
- Position VI:** Treble clef. Fingering: (s) 4-4 2 3 1 2 3 4. Includes circled numbers 4, 3, 2, 3, 4, 5.
- Position VII:** Treble clef. Fingering: 1 3 4 (s) 4 2. Includes circled number 4.
- Position VIII:** Treble clef. Fingering: 1-1 2 3 (s) 1 2 3 (s) 1 4. Includes circled numbers 2, 3, 4, 5.
- Position IX:** Treble clef. Fingering: 1-1 3 4 1 2. Includes circled numbers 3, 4, 5.

CHORD-SCALE RELATIONSHIPS... DOM 7th CHORDS

[For the purpose of improvisation]

1. THE CONDITION OF THE [3] HIGHEST DEGREES [TENSIONS 9, 11, 13] ON ALL DOM7ths WITH SCALE TONE ROOTS IS CONTROLLED BY THE PRECEDING SCALE.

17, 117, V7 = 1 3 5 b7 9 [11] 13.. Maj. scale from Intended Tonic [I. T.]

VI7 = " 9 [11] [b13].. Real Melodic Min. scale from I. T.

III7, VII7 = " b9 [11] [b13] .. Harmonic Min. scale from I. T. *

IV7 = " 9 +11 13... Real Mel. Min. scale from chord 5th

* The III7 and VII7 chords have a "built in" b9. When the 9th is flatted it is truly altered and sharp 9 is compatible with it. By treating the ~~#~~9 melodically as b3, the NATURAL MINOR scale is the result. This is a second choice of related scale. All eight notes of the combined Harmonic and Natural minor scales are also used.

2. THESE [3] HIGH DEGREES ON ALL DOM7ths WITH NON-SCALE TONE ROOTS ARE CONSTANT [9, +11, 13] AND THEY ARE ALL TREATED THE SAME AS THE IV7 CHORD.

* * * *

Maj=Major/R. M. M. =Real Melodic Minor/H. M. =Harmonic Min. /N. M. =Natural Min.

DOMINANT SOUND

** NOTE: One structure containing an added alteration [not forced on it by the preceding scale sound].. VI7b9.. has been included here because it is encountered so often that we have become conditioned to hear it as the "norm". The VI7 with un-altered 9 is usually found only as a result of the melody being this note.

R. M. M. from chord 5th

IT IS NECESSARY THAT YOU KNOW [VERY WELL] THE NORMAL CONDITION OF TENSIONS ON ALL DOM7th STRUCTURES. . SO YOU WILL INSTANTLY RECOGNIZE ANY ALTERATIONS THAT MAY BE PRESENT. THE EFFECT OF SPECIALLY ALTERED DEGREES ON DOM7th CHORD-SCALE RELATIONSHIPS WILL BE DISCUSSED LATER.

..... From this point on, all chord-scale pages consist of a great deal of information applicable to composition...spontaneous or otherwise, presented very concisely. As this concerted presentation can be confusing, the material must be worked out by the interested student very gradually over a considerable period of time.

DETERMINE THE SCALE FOR A CHORD BY
ITS EFFECT ON THE SCALE PRECEDING IT.

PRACTICAL FINGERINGS FOR MOVING FROM POSITION TO POSITION

4-4 AND 1-1 FINGER SLIDES EMPLOYING THE HALF STEP.

F maj scale C Harm. Min scale

C maj scale G^o scale

The first row shows the F major scale (F4 to F5) and the C harmonic minor scale (C4 to C5). The second row shows the C major scale (C4 to C5) and the G natural scale (G4 to G5). Fingerings are indicated by numbers 1-4. Slides are indicated by arrows. A bracket labeled '4-4' is over the first two notes of the F major scale, and a bracket labeled '1-1' is over the first two notes of the C major scale.

[*No descent with 4th finger slides]

THE PRECEDING 1st AND 4th FINGER SLIDES ARE ALSO POSSIBLE [AND PRACTICAL] FOR DISTANCES OF FROM 2 to 3 FRETS...

Bb Maj scale A Harm. Min scale

F maj scale C Harm. min scale

The first row shows the Bb major scale (Bb4 to Bb5) and the A harmonic minor scale (A4 to A5). The second row shows the F major scale (F4 to F5) and the C harmonic minor scale (C4 to C5). Fingerings are indicated by numbers 1-4. Slides are indicated by arrows. A bracket labeled '4-4' is over the first two notes of the Bb major scale, and a bracket labeled '1-1' is over the first two notes of the F major scale.

13-13 EMPLOYING THE HALF STEP.....12-13 12-12 [VARIATIONS]

C maj scale G Real mel. min scale

F maj scale D Harm. min scale

F Real mel. min scale F^o scale

The first row shows the C major scale (C4 to C5) and the G real melodic minor scale (G4 to G5). The second row shows the F major scale (F4 to F5) and the D harmonic minor scale (D4 to D5). The third row shows the F real melodic minor scale (F4 to F5) and the F natural scale (F4 to F5). Fingerings are indicated by numbers 1-4. Slides are indicated by arrows. A bracket labeled '4-4' is over the first two notes of the C major scale, and a bracket labeled '1-1' is over the first two notes of the F major scale.

1-23-4 THE DOUBLE STRETCH...EMPLOYING THE HALF STEP.

Fmaj scale **G^o scale**

The F major scale is shown on a treble clef staff, starting on F4. The notes are F, G, A, Bb, C, D, E, F. Fingerings are: F (1), G (2), A (3), Bb (4), C (1), D (2), E (3), F (4). The G minor scale is shown on a treble clef staff, starting on G4. The notes are G, Ab, Bb, C, D, Eb, F, G. Fingerings are: G (1), Ab (2), Bb (3), C (4), D (1), Eb (2), F (3), G (4). Both scales are marked with a double bar line and a repeat sign.

13-24 FINGER EXCHANGE...EMPLOYING THE HALF STEP

Fmaj scale **Dmaj scale**

The F major scale is shown on a treble clef staff, starting on F4. The notes are F, G, A, Bb, C, D, E, F. Fingerings are: F (1), G (2), A (3), Bb (4), C (1), D (2), E (3), F (4). The D major scale is shown on a treble clef staff, starting on D4. The notes are D, E, F, G, A, B, C, D. Fingerings are: D (1), E (2), F (3), G (4), A (1), B (2), C (3), D (4). Both scales are marked with a double bar line and a repeat sign.

124-124 REPEATED FINGERING...SEPARATED BY A WHOLE STEP

Gmaj scale **Cmaj scale**

The G major scale is shown on a treble clef staff, starting on G4. The notes are G, A, B, C, D, E, F#, G. Fingerings are: G (1), A (2), B (3), C (4), D (1), E (2), F# (3), G (4). The C major scale is shown on a treble clef staff, starting on C4. The notes are C, D, E, F, G, A, B, C. Fingerings are: C (1), D (2), E (3), F (4), G (1), A (2), B (3), C (4). Both scales are marked with a double bar line and a repeat sign.

134-134 REPEATED FINGERING...SEPARATED BY A WHOLE STEP.

Gmaj scale **Cmaj scale**

The G major scale is shown on a treble clef staff, starting on G4. The notes are G, A, B, C, D, E, F#, G. Fingerings are: G (1), A (2), B (3), C (4), D (1), E (2), F# (3), G (4). The C major scale is shown on a treble clef staff, starting on C4. The notes are C, D, E, F, G, A, B, C. Fingerings are: C (1), D (2), E (3), F (4), G (1), A (2), B (3), C (4). Both scales are marked with a double bar line and a repeat sign.

13-134 [VARIATION OF ABOVE]

13-124 [VARIATION OF ABOVE]

C Real Mel Min Scale **Fmaj scale**

The C Real Mel Minor scale is shown on a treble clef staff, starting on C4. The notes are C, D, Eb, F, G, Ab, Bb, C. Fingerings are: C (1), D (2), Eb (3), F (4), G (1), Ab (2), Bb (3), C (4). The F major scale is shown on a treble clef staff, starting on F4. The notes are F, G, A, Bb, C, D, E, F. Fingerings are: F (1), G (2), A (3), Bb (4), C (1), D (2), E (3), F (4). Both scales are marked with a double bar line and a repeat sign.

ANALYZE THE INTERVALS INVOLVED IN THE PRECEDING POSITION TO POSITION FINGERINGS. YOU WILL FIND MANY OTHER POSSIBILITIES FOR APPLICATION, ESPECIALLY WHEN USED IN COMBINATIONS.

All of the fingerings employing the half step are very reliable as they do not require looking at the fingerboard. The others are sometimes dangerous when the music and/or conductor demand your full attention.

CHORD CONSTRUCTION...3 NOTE VOICINGS

DOMINANT 7th CHORDS . . Preparation of Close and Open Voicings

THE 3rd AND $\flat$ 7th CHORD DEGREES OF A DOM7th STRUCTURE ARE CALLED THE TRITONE. This tritone interval [an augmented 4th or a diminished 5th] divides our twelve tone [chromatic] scale exactly in half. Therefore each tritone [by itself] represents the sound of two Dom7th chords. . . their roots being separated by the same $\sharp$ 4 or $\flat$ 5 interval. A third note must be added to a tritone to remove this ambiguity.

In a cycle five chord progression, tritones move chromatically downward. The $\flat$ 7 of the 1st chord moves to 3 of the next chord, which moves to $\flat$ 7 of the next and so on.

IN THE FOLLOWING STUDIES, ROOT AND FIFTH CHORDAL DEGREES ARE ADDED TO CHROMATIC TRITONE SEQUENCES [REPRESENTING CYCLE 5 PROGRESSIONS] AS FOLLOWS: 1.] BELOW 2.] ABOVE 3.] BETWEEN.

1

TRITONE ON 3rd & 4th STRINGS [$\flat$ 7, 3 in the lead]

G7 C7 F7 $B\flat$ 7 $E\flat$ 7 $A\flat$ 7 $D\flat$ 7 $C\sharp$ 7 $F\sharp$ 7 B7 E7 A7 D7 G7

The musical notation consists of four staves, each representing a different voicing for the cycle of five dominant 7th chords. The chords are: G7, C7, F7, $B\flat$ 7, $E\flat$ 7, $A\flat$ 7, $D\flat$ 7, $C\sharp$ 7, $F\sharp$ 7, B7, E7, A7, D7, G7. The notation shows the 3rd and 4th strings of a guitar. The first staff is labeled 'All Roots' and shows the root notes of each chord. The second staff is labeled '5th Rt 5th Rt etc.' and shows the 5th and root notes of each chord. The third staff is labeled 'All 5ths' and shows the 5th notes of each chord. The fourth staff is labeled 'Rt 5th etc.' and shows the root and 5th notes of each chord. Arrows indicate the chromatic movement of the tritone interval between consecutive chords.

TRITONE ON 2nd & 3rd STGS. [b7, 3 in the lead]

B7 E7 A7 D7 G7 C7 F7 F7 Bb7 Eb7 Ab7 Db7 F#7 B7

All Roots

RHYTHM GUITAR-THE RIGHT HAND

SAMBA #1 [IN 2]

Chord progression: F, C7, F. The notation includes rhythmic flags and accents: (v) and (x) above the first measure, and (x) above the final measure.

VARIATIONS

Three variations of the SAMBA #1 rhythm:

- 1. Chord progression: Dm, A7, Dm. Rhythmic flags: (v) above the first measure.
- 2. Chord progression: G, D7, G. Rhythmic flags: (v) above the first measure.
- 3. Chord progression: Em, B7, Em. Rhythmic flags: (v) above the first measure.

SAMBA #2

Chord progression: Ab, Eb7, Ab. The notation includes rhythmic flags and accents: (v) above the first measure, and (x) above the final measure.

VARIATIONS

Three variations of the SAMBA #2 rhythm:

- 1. Chord progression: Fm, C7, Fm. Rhythmic flags: (v) above the first measure.
- 2. Chord progression: Bb, F7, Bb. Rhythmic flags: (v) above the first measure.
- 3. Chord progression: Gm, D7, Gm. Rhythmic flags: (v) above the first measure. The word "Simile" is written below the staff.

Polka Dot (Polka - duet)

This musical score is for a polka duet in 4/4 time. It features two systems of piano accompaniment, each with a treble and bass staff. The first system includes sections A and B, while the second system includes section C. The music is characterized by lively eighth-note patterns in the right hand and steady quarter-note accompaniment in the left hand. Chord progressions are indicated above the staves, and fingerings are noted below. The score concludes with a double bar line and repeat signs.

System 1:

- Section A:** Treble staff has eighth-note runs. Bass staff has chords G7, G^o, G7, VII C, G7, and C. Fingerings: 4, 1, 3, 2.
- Section B:** Treble staff has eighth-note runs. Bass staff has chords C, IX, A7, D7, VII G7, C, and C E7+. Fingerings: 1-1 2 4, 1-1 4, 4 1 2 4, 4 1-1 2 3.

System 2:

- Section C:** Treble staff has eighth-note runs. Bass staff has chords VII Am G, Am[6] Em, Bm C, B7 E7, and B7 Em. Fingerings: 1, 1, 2, 3, 0, 1, 2, 3, 0.

System 3:

- Section C:** Treble staff has eighth-note runs. Bass staff has chords Am[6] C, D7 G7, C, G7, and C F C. Fingerings: 1-1 2, 1-1 4.

D
 VII C7 F C7 F VIII C7
 X F IX G7 [b5] C7 VII F [Bbm] VII F V Dm C Dm[6] Am
 Em F E7 A7 E7 Am VII Dm C D7 G7
F
 C G7 C IX
 A7 D7 G7 C 4 1 C F C C fine

The musical score is written for guitar and consists of five systems. Each system has a treble and bass staff. The notation includes various chords (e.g., C7, F, G7, E7, A7, D7, G7, C, F, Am, Dm, Bbm), scales, and fingerings. The key signature is one flat (Bb). The piece is divided into sections marked with letters D, E, and F. The final section ends with 'C fine'.

MAJOR SCALES.. POSITION VIII

[12 KEYS-THRU CYCLE 5]

VIII

The musical score displays 12 staves, each representing a major scale in a different key signature, following the 12 Keys-Thru Cycle 5. Each staff begins with a treble clef and a key signature. The scales are written in a single line, with fingerings (1-4) and slurs indicating the sequence of notes. The keys are: C major, G major, D major, A major, E major, B major, F# major, C# major, G# major, D# major, A# major, and E# major. The notation includes slurs and fingerings to guide the performer.

CHORDS...3 NOTE VOICINGS

MELODIZATION OF TONIC MAJOR CHORDS

MELODIC DEGREES = MAJOR SCALE FROM CHORD NAME.

The image shows three staves of music for Tonic Major Chords: C, F, and Bb. Above each staff are the melodic degrees of the major scale starting from the chord name. For C major, the degrees are 6, 7, 1, 9, 3, 4, 5, 4, 3, 9, 9, 1, 7, 6. For F major, the degrees are 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. For Bb major, the degrees are 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. The musical notation shows the notes of the major scale for each chord, with the 3-note voicings indicated by the numbers 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12.

[* 6th degree necessary as an undervoice]

MELODIZATION OF MINOR [7th] CHORDS AS VIIm7

MELODIC DEGREES = MAJOR SCALE FROM b3 OF CHORD.

The image shows three staves of music for Minor [7th] Chords: Am[7], Dm[7], and Gm[7]. Above each staff are the melodic degrees of the major scale starting from the b3 of the chord. For Am[7], the degrees are 1, 9, b3, 4, 5, (b6), b7, (b6), 5, 4, 4, b3, 9, 1. For Dm[7], the degrees are 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. For Gm[7], the degrees are 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. The musical notation shows the notes of the major scale for each chord, with the 3-note voicings indicated by the numbers 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12.

[**Melodic degrees shown in parentheses must be used only in passing]

As the preceding I [maj] and VIIm7 chords produce the same tonic major sound, their voicings are interchangeable. [C = Am7, F = Dm7, Bb = Gm7] This is called DIATONIC SUBSTITUTION... The replacement of one chord with another that represents the sound of the SAME SCALE and CHORD FUNCTION, [Tonic, Sub-dom & Dom]... whose chord tones are derived from higher or lower scale degrees.

CHORDS...3 NOTE VOICINGS

Dom7th Chords...Open Voicings, All Inversions

Chord voicings notated here as (●) should be used only in passing because of the following reasons; 1. Incomplete structure [indefinite sound]...2. Weak degree in the "bass".

The musical notation displays 3-note voicings for various chords in G and C major. The chords are arranged in two systems, each with two staves. The first system includes G7, [sus4], G7, [13], G7, G9, G7, C, and C6. The second system includes C7, C9, C7, [sus4], C7, [13], C7, F, [Am7], [Gm7], C9, [13], and F [add 9]. Fingerings are indicated by numbers 1-4 below the notes. Some voicings are circled, indicating they should be used only in passing.

NOTE:

MOST 3 PART CHORD VOICINGS WITHOUT THE ROOT DO NOT HAVE A WELL DEFINED SOUND...UNLESS; [1] THEY FOLLOW A STRONG VOICING [INCL. THE ROOT] OF THE SAME CHORD..OR [2] THEY ARE THE 2nd CHORD OF A STRONG CADENCE, CLOSELY VOICE LED FROM THE FIRST CHORD [WHICH HAS SET THE TONALITY]..OR [3] THEY ARE A SPREAD VOICING WITH THE 5th DEGREE ON THE BOTTOM, SOUNDING IN THE LOW REGISTER.

G HARMONIC MINOR..9 POSITIONS

The image displays nine musical staves, each representing a different position of the G Harmonic Minor scale. The staves are labeled with Roman numerals II, III, IV, V, VI, VII, VIII, IX, and X. Each staff contains a sequence of notes with fingerings indicated by numbers 1-4 and circled numbers 1-6. Some staves also include a trill or grace note marked with '(s)'. The notation is in treble and bass clefs, with a key signature of one flat (B-flat) and a time signature of 4/4.

VIII

IX

X

The image displays three staves of musical notation for exercises XI and XII. Exercise XI is on the top staff, and Exercise XII is on the bottom two staves. The notation includes various musical symbols such as notes, rests, and fingerings.

Exercise XI: The top staff shows a sequence of notes with fingerings 1, 2, 3, and 4. It includes a repeat sign and a key signature change to one sharp (F#). The exercise is labeled "XI" below the staff.

Exercise XII: The bottom two staves show a sequence of notes with fingerings 1, 2, 3, and 4. It includes a repeat sign and a key signature change to one sharp (F#). The exercise is labeled "XII" below the first staff of the pair.

ARPEGGIOS...DIMINISHED 7th CHORDS

CHORD SPELLING MOST USED

Because the notes of the Dim. 7th chord divide the chromatic scale into 4 equal parts [all minor 3rd intervals] any chord tone may be considered the root. To eliminate the use of double flats in notation, chord spelling varies. Dim. 7th chords are often notated as if they were constructed from major scale degrees 1 $\flat$ 3 $\flat$ 5 6 and 1 $\flat$ 3 $\sharp$ 4 6 as well as 1 $\flat$ 3 $\flat$ 5 $\flat$ 7. ... The number 7 is not usually used with Diminished chord symbols... the 7th chordal degree is always assumed [unless a 3 note structure is specified by the word "triad"]...

(Scale degrees from chord name)

System 1:

- Measure 1: $C^{\sharp\circ}$ (Scale degrees: 1 $\flat$ 3 $\flat$ 5 $\flat$ 7)
- Measure 2: E° (Scale degrees: 1 $\flat$ 3 $\flat$ 5 6)
- Measure 3: G° (Scale degrees: 1 $\flat$ 3 $\sharp$ 4 6)

System 2:

- Measure 1: $F^{\sharp\circ}$ (Scale degrees: 1 $\flat$ 3 $\flat$ 5 $\flat$ 7)
- Measure 2: A° (Scale degrees: 1 $\flat$ 3 $\flat$ 5 6)
- Measure 3: C° (Scale degrees: 1 $\flat$ 3 $\sharp$ 4 6)

1 $\flat$ 3 $\flat$ 5 $\flat\flat$ 7 B°

1 $\flat$ 3 $\flat$ 5 6 D°

1 $\flat$ 3 $\sharp$ 4 6 F°

D° F° $A\flat^\circ$ $G\sharp^\circ$ B° D°

ARPEGGIOS...DOM 7 $\flat$ 5 CHORDS

Because the notes of the Dom. 7 $\flat$ 5 chord divide the chromatic scale into 2 like parts [each consisting of 4 half steps and 2 half steps] the structure can be named from the $\flat$ 5 as well as the root.

$A7\flat5$ [$*E\flat7\flat5$] $D7\flat5$ [$A\flat7\flat5$]

$G7\flat5$ [$D\flat7\flat5$] $C7\flat5$ [$G\flat7\flat5$]

$F7\flat5$ [$B7\flat5$] $B\flat7\flat5$ [$E7\flat5$]

$C\sharp7\flat5$ [$G7\flat5$] $F\sharp7\flat5$ [$C7\flat5$]

$B7\flat5$ [$F7\flat5$] $E7\flat5$ [$B\flat7\flat5$]

[* ENHARMONIC SPELLING = same sound but different notation]

THEORY...DIATONIC 7th CHORDS-HARMONIC MINOR

TONIC SOUND DOM. SOUND

Im7	IIIm7 $\flat$ 5	III7 + 5	IVm7	V7	VI7	VII $^{\circ}$ [7]
Am7	Bm7 $\flat$ 5	C7 + 5	Dm7	E7	F7	G $\sharp$ $^{\circ}$ [7]

SUB-DOM. SOUND

NOTE THE FOLLOWING:

- 1.] The Tonic chord is usually a [minor] triad... however it is sometimes found brightened up with the 6th degree borrowed from the Melodic minor scale.
- 2.] The II chord is always a Min7 $\flat$ 5.
- 3.] IIIm7 $\flat$ 5 is often [and mis-leadingly] referred to as IVm6. [Bm7 $\flat$ 5 = Dm6]
- 4.] The 9th degree on V7 is always $\flat$ 9.
- 5.] IVm7 and VI7 usually occur as passing chords for they tend to suggest the sound of relative major [or natural minor].

Expect anything to happen in minor keys... from the most basic diatonic Harmonic minor relationships to a "conglomeration" of [temporary] sounds borrowed from Real or Traditional Melodic and Natural minor scales.

C7

F7

The musical notation for G7, C7, and F7 chords is shown on three staves. Each staff begins with a treble clef and a key signature of one sharp (F#). The G7 staff starts with a G note, the C7 staff with a C note, and the F7 staff with a B note. The notation includes various melodic lines with fingering numbers (1, 2, 3, 4) and circled numbers (1, 2, 3) indicating specific degrees or techniques. The G7 staff has a circled 3 at the beginning and end. The C7 staff has a circled 1 at the beginning and end. The F7 staff has a circled 1 at the beginning and end.

MAJOR SCALES.. POSITION X

[12 KEYS-THRU-CYCLE 5]

The image displays 12 staves of music, each representing a major scale in a specific key signature. The scales are arranged in a cycle of 5, meaning each scale is a perfect fifth above the previous one. Each staff contains an ascending scale followed by a descending scale. Fingering is indicated by numbers 1-4 above the notes, and slurs are used to group the notes. Some scales include a '4' in a circle above the fourth note of the ascending scale. The key signatures are: C major, G major, D major, A major, E major, B major, F# major, C# major, G# major, D# major, A# major, and E# major. The first staff has an 'X' below the first measure.

PRINCIPAL REAL MELODIC MINOR SCALES.. POS. X

The following table summarizes the scales shown on the page:

Scale Name	Key Signature	Ascending Fingering	Descending Fingering	Breath Mark
Cm	Two flats	1 3 4	(s) 4 3	X

Daydreams (duet)

Slow 4

First system of musical notation. The top staff is in treble clef with a key signature of one flat (Bb) and a common time signature (C). The bottom staff is in bass clef. The music consists of a melody in the right hand and a bass line in the left hand. Chords are indicated above the staff: F, D7[b9], Gm7, Gb7, F, F#o, Gm7, and Am7 D7. There are also some accidentals and fingering numbers (1, 2) in the right hand.

Second system of musical notation. The top staff continues the melody. The bottom staff continues the bass line. Chords are indicated: Gm, Gm6, Gm7, D7 (alt.), Gm, D+, Gm7, C7[b9], Am7, Ab7, Gm7, and C7. There are also some accidentals and fingering numbers (1, 2, 3) in the right hand.

Third system of musical notation. The top staff continues the melody. The bottom staff continues the bass line. Chords are indicated: F, E7, Ebm7, Ab7, Db7, D° (alt.), and Ebm7 Ab9 Ab7. There are also some accidentals and fingering numbers (1, 2, 3) in the right hand.

Fourth system of musical notation. The top staff continues the melody. The bottom staff continues the bass line. Chords are indicated: Db, Dm7, G7, C7, C#o, Dm7, and G7 (alt.). There are also some accidentals and fingering numbers (1, 2, 3) in the right hand.

First system of musical notation (measures 1-4). The key signature has one flat (B-flat). The first measure contains a **sus4** chord over a **C9** chord, with a circled 2 indicating the second fret. The second measure contains an **F** chord and a **D7[b9]** chord, with a circled 2. The third measure contains **Gm7** and **Gb7** chords. The fourth measure contains an **F** chord and an **F#°** chord.

Second system of musical notation (measures 5-8). The fifth measure contains **Gm7** (circled 1) and **Am7 D7** (circled 2) chords, with a **b5** alteration. The sixth measure contains **Gm** (circled 3), **Gm6**, **Gm7**, and **D7** chords, with an **alt.** (altered) instruction. The seventh measure contains **Gm** (circled 2) and **D+** chords. The eighth measure contains **Gm7** and **C7[b9]** chords, with a circled 2.

Third system of musical notation (measures 9-12). The ninth measure contains an **F** chord (circled 2). The tenth measure contains **Am7b5** (circled 3) and **D7** (circled 2) chords, with an **alt.** instruction. The eleventh measure contains **Gm7** and **D7** chords, with an **alt.** instruction. The twelfth measure contains **Gm** and **D+** chords.

Fourth system of musical notation (measures 13-16). The thirteenth measure contains **Gm7** and **C7[b9]** chords. The fourteenth measure contains a **Db7** chord and a **Rit.** (Ritardando) instruction. The fifteenth measure contains **Gb7** and **[add 6]** chords. The sixteenth measure contains an **F7** chord.

* Observe strings indicated for top note of chord voicings

CHORD SPELLING... 5 NOTE ARPEGGIOS

Min.9 and Dim9 chords

The Diminished 9th chord symbol used below does not indicate the lowering of the 9th chordal degree. Instead, it represents the 4 part Dim7th chord with the [major] 9th added. This is logical when you make a comparison with the meaning of Minor 9th chord symbols...i.e. min7 with 9th added.

The following table lists the 24 chords shown in the arpeggio exercise, organized by row:

Row	Chord 1	Chord 2	Chord 3	Chord 4
1	Cm9	C°9	Fm9	F°9
2	Bbm9	Bb°9	[Ab]	Bm9
3	B°9	Em9	E°9	Am9
4	A°9	[G]	Bbm9	Bb°9
5	Ebm9	Abm9	Ab°9	[Gb]
6	Am9	A°9	Dm9	D°9
7	Gm9	G°9	[F]	Abm9
8	Ab°9	Dbm9	Db°9	Fbm9
9	Fb°9	[E]	VI	V

D MAJOR SCALE. 12 POSITIONS

The image displays the D Major Scale in 12 positions, numbered I through XII. Each position is written on a single staff with a key signature of one sharp (F#) and a 4/4 time signature. The notation includes fingerings (0-4), slurs, and breath marks (s). The positions are arranged vertically, with each position starting on a new staff. The scale is written in a single line for each position, showing the sequence of notes and fingerings. The positions are labeled I, II, III, IV, V, VI, VII, VIII, IX, X, XI, and XII. The notation includes fingerings (0-4), slurs, and breath marks (s). The positions are arranged vertically, with each position starting on a new staff. The scale is written in a single line for each position, showing the sequence of notes and fingerings.

Three staves of musical notation in G major (one sharp). The first staff includes fingerings 1-1 3, 4, 3, 4, 1, 1, 3, 4 and articulations ④, ③, ②, ⑤, IX. The second staff includes fingerings (s) 4 2, 1, 1, 2, 1, 2 and articulations ①, ②, ③, ④. The third staff includes fingerings 4, 1, 2, (s) 1 2 and articulation XI.

B Minor Etude (solo)

Rubato

Musical score for B Minor Etude (solo). The score consists of five systems of musical notation. The first system includes fingerings 3, (0), 1, 4, 1, 2, 3 and chords II, IV, VIII, VII, VI. The second system includes fingerings 1, 2, 3, 1, 2, 3, 4, 3 and chords VII, VI, V, III, II, I, II. The third system includes fingerings (0), 1, 2, 3, 4, 2, 1, 4, 2 and chords IV, VIII, VI, (IX), V. The fourth system includes fingerings 1-1, 2, 2, 2, 4, 4, 1, 4, 2 and chords VI, V. The fifth system includes fingerings 3, 3, 2, 1-1, 4, 3, 2 and chords III, II. The score also includes performance markings such as "Rall.", "To coda", "D.S. al.", "coda", and "fine".

CHORDS...3 NOTE VOICINGS

DOM 7TH CHORD STUDY...WITH $\flat 5$ [CHROMATIC APPROACH] IN THE BASS

Remember:
 $\flat 5$ is a strong
bass note.

E7 E7 $\flat 5$ A7 A7 $\flat 5$ D7 D7 $\flat 5$ G7 G7 $\flat 5$ C7
[B $\flat$ 7] [E $\flat$ 7] [A $\flat$ 7] [D $\flat$ 7]

A7 A7 $\flat 5$ D7 D7 $\flat 5$ G7 G7 $\flat 5$ C7 C7 $\flat 5$ F7
[E $\flat$ 7] [A $\flat$ 7] [D $\flat$ 7] [G $\flat$ 7]

D7 [b5] G7 [b5] C7 G7 [b5] C7 [b5] F7

ABOUT CHORD PROGRESSIONS [CYCLE 5]

.....To aid in determining the true name of a chord structure [and therefore the related scale and function it represents] note that the strongest and most common chord movement is down a fifth [cycle five]. INVESTIGATE ALL POSSIBLE NAMES FOR THE CHORD IN QUESTION, AND THE ONE THAT MAKES THE STRONGEST CADENCE TO THE FOLLOWING CHORD WILL BE THE REAL NAME.

Examples; Gm6 to F = C9 to F, Gm6 to A7 = Em7 $\flat 5$ to A7
Ao or F#o to Gm7 = D7 $\flat 9$ to Gm7, A7 to F6 = A7 to Dm7
Go or Eo to F = C7 $\flat 9$ to F, Gm7 $\flat 5$ or Bbm6 to D9 = *A7alt or E $\flat$ 9 to D9

*When a dom7th chord is completely altered [both 9 and 5 chromatically raised and/or lowered] it takes on all the characteristics of the other dom7th containing the same tritone. This "substitute" dominant 7th [with tensions 9, +11, 13] is constructed from the $\flat 5$ of the altered V7 chord. The chromatic approach [from above] created by this substitute dom7th constitutes a very strong progression, second only to cycle five.

....To help in the investigation of multiple names for chord structures study the information on the next page.

NOTE: LOOK AHEAD TO THE NEXT CHORD TO ANALYZE A PROGRESSION.
LOOK BACK TO THE PRECEDING CHORD TO DETERMINE THE RELATED SCALE.

THEORY... INTERCHANGEABLE CHORD STRUCTURES

The following chord structures could be referred to as diatonic substitutions in that they represent [in the proper setting] the exact same scale sound.

[*Am9 can also be considered C6/7 ** Am9b5 can be considered Cm6/7]

..... All [4] names of dim7th chords and their related dom7b9 chords are completely interchangeable.

MELODIZATION OF MINOR [7th] CHORDS AS III^m7

MELODIC DEGREES = MAJOR SCALE A 3rd BELOW CHORD NAME.

$\overline{b3} \ 4 \ 5 \ (\overline{b6})^*$ $\overline{b7} \ 1 \ b3 \ (\overline{b9})^*$ $\overline{1} \ b7 \ b7 \ (\overline{b6})^*$ $\overline{5} \ 4 \ b3$

Em[7]

Am[7]

Dm[7]

The image shows three staves of musical notation for Em[7], Am[7], and Dm[7] chords. Each staff has a treble clef and a key signature of one flat (B-flat). The notes are written in a way that shows the melodic degrees and passing tones. The Em[7] staff starts with a 3rd interval (b3 to 4), followed by a 5th interval (5 to b6), then a b7 interval (b7 to 1), then a b3 interval (b3 to b9), then a 1 interval (1 to b7), then a b7 interval (b7 to b6), and finally a 5 interval (5 to 4). The Am[7] staff starts with a 3rd interval (3 to 4), followed by a 5th interval (5 to b6), then a b7 interval (b7 to 1), then a b3 interval (b3 to b9), then a 1 interval (1 to b7), then a b7 interval (b7 to b6), and finally a 5 interval (5 to 4). The Dm[7] staff starts with a 3rd interval (3 to 4), followed by a 5th interval (5 to b6), then a b7 interval (b7 to 1), then a b3 interval (b3 to b9), then a 1 interval (1 to b7), then a b7 interval (b7 to b6), and finally a 5 interval (5 to 4).

* = Passing tones only... [Note; b9 can be chord tone of dom7th only.]

III^m7 can be used as a diatonic substitution for I... [Am7 = Fma7]... BUT stay out of the low register when doing this. The 5th of the III^m7 chord is the ma7 of the I chord... and the ma7th chord degree should not occur below the note D, 1st space below the staff.

MELODIZATION OF MIN. [7]^b5 CHORDS AS VII^m7^b5

MELODIC DEGREES = MAJOR SCALE A HALF STEP ABOVE CHORD NAME.

$\overline{b3} \ 4 \ b5 \ +5 \ b6$ $\overline{b7} \ 1 \ b3 \ (\overline{b9})^*$ $\overline{1} \ b7 \ b7 \ +5 \ b6$ $\overline{b5} \ 4 \ b3$

Em[7]^b5

Am[7]^b5

Dm[7]^b5

The image shows three staves of musical notation for Em[7]^b5, Am[7]^b5, and Dm[7]^b5 chords. Each staff has a treble clef and a key signature of one flat (B-flat). The notes are written in a way that shows the melodic degrees and passing tones. The Em[7]^b5 staff starts with a 3rd interval (b3 to 4), followed by a b5 interval (b5 to +5), then a b7 interval (b7 to 1), then a b3 interval (b3 to b9), then a 1 interval (1 to b7), then a b7 interval (b7 to b6), and finally a b5 interval (b5 to 4). The Am[7]^b5 staff starts with a 3rd interval (3 to 4), followed by a b5 interval (b5 to +5), then a b7 interval (b7 to 1), then a b3 interval (b3 to b9), then a 1 interval (1 to b7), then a b7 interval (b7 to b6), and finally a b5 interval (b5 to 4). The Dm[7]^b5 staff starts with a 3rd interval (3 to 4), followed by a b5 interval (b5 to +5), then a b7 interval (b7 to 1), then a b3 interval (b3 to b9), then a 1 interval (1 to b7), then a b7 interval (b7 to b6), and finally a b5 interval (b5 to 4).

VII^m7^b5 can be used as a diatonic substitution for V7... [Am7^b5 = F9]... BUT as with III^m7 for I, this is not good in the low register.

CHROMATIC MELODIZATION OF DOM7th CHORDS

.....Eleven of the 12 chromatic tones can be considered chord degrees of a Dom7th structure... The exception is the major 7th.

CHORD

SPELLING... 5 NOTE ARPEGGIOS

9 9
Min 6, Maj 6, Dom 9 sus 4 and Dom 7^b9 chords

The image displays a musical score for 5-note arpeggios across eight staves. Each staff contains four measures, each with a different chord and its corresponding 5-note arpeggio. The chords are: Cm6, C6, C9 sus4, *C7^b9; Fm6, F6, F9 sus4, F7^b9; B^bm6, B^b6, B^b9 sus4, B^b7^b9 [E^b6]; Bm6, B6, B9 sus4, B7^b9; Em6, E6, E9 sus4, E7^b9; Am6, A6, A9 sus4, A7^b9 [D6]; B^bm6, B^b6, B^b9 sus4, B^b7^b9; E^bm6, E^b6, E^b9 sus4, E^b7^b9. Fingerings are indicated by numbers 1-4 above the notes.

The image displays seven staves of musical notation, each containing four measures of music. The notation is in a single melodic line, likely for a piano or guitar. Above each measure, a chord symbol is provided, often with a '9' indicating a 9th chord. The chords are as follows:

- Staff 1: $A\flat m6$, $A\flat 6$, $A\flat 9$ (sus 4), $A\flat 7\flat 9$ [D $\flat$ 6]
- Staff 2: $A m6$, $A 6$, $A 9$ (sus 4), $A 7\flat 9$
- Staff 3: $D m6$, $D 6$, $D 9$ (sus 4), $D 7\flat 9$
- Staff 4: $G m6$, $G 6$, $G 9$ (sus 4), $G 7\flat 9$ [C6]
- Staff 5: $A\flat m6$, $A\flat 6$, $A\flat 9$ (sus 4), $A\flat 7\flat 9$
- Staff 6: $D\flat m6$, $D\flat 6$, $D\flat 9$ (sus 4), $D\flat 7\flat 9$
- Staff 7: $F\sharp m6$, $F\sharp 6$, $F\sharp 9$ (sus 4), $F\sharp 7\flat 9$ [B]

Fingering numbers (1-4) are written above the notes in each measure. The notation includes various accidentals (flats, sharps, naturals) and bar lines.

* Only dominant 7th and dom7 sus4 chords will accept an alteration of a half step up or down to this added 9th chord degree.

CHORD-SCALE RELATIONSHIPS

[For the purpose of Improvization]

SPECIAL ALTERATIONS ON DOM 7th CHORDS

...WITH SCALE TONE ROOTS (EXCEPT IV 7)

SUS 4 = The sub-dom sound of IIm7 [or IV6]... Treat accordingly.

SUS 4 [alt9] = Sub-dom Min. sound of IIm7 $\flat$ 5 [IVm6].. Treat accordingly.

[Note; 3rd degree of sus4 chords must be melodic passing tone only.]

ALT 5 = On dom7th chords that contain an unaltered 9th,
17, II7, V7, VI7 = Whole tone scale from any chord tone.

[Note; Specified $\sharp$ 5 can often be treated as $\flat$ 13, and specified $\flat$ 5
can be treated as $\sharp$ 11.....see below, $\flat$ 13 and Aug 11.]

ALT [5 & 9] = Real Melodic Min. scale from $\flat$ 9 of chord. [Sometimes
the Alt9 is not specified and must be remembered as
already being present...Ex; III7 and VII7.]

[Note; For optional melodic treatment of $\sharp$ 5 [alt9] see below.. $\flat$ 13alt9.
" " " " " $\flat$ 5 [alt9] see below.. $\sharp$ 11alt9.

ALT 9 = On V7, II7, I7 use Real Mel. Min. from $\flat$ 7 of chord... Or;
Major scale with $\flat$ 6.. from intended tonic. [Also you
may combine both scales.. Real Mel. Min. with added $\sharp$ 4.]

[ALT 9 on VI7 = Harmonic [or Natural] Minor from intended tonic.]

[UNALTERED 9th on III7 and VII7 = Real Mel. Min. from I. T.]

11th = SUS 4 on dom7th.. see sus4

AUG 11.... = On all dom7ths use Real Mel. Min. from chord 5th.
[$\sharp$ 11, +11

[Note; The 9th is considered unaltered with +11 unless specified alt.]

+11 [alt9]... = Diminished scale from chord degrees 3, 5, $\flat$ 7, $\flat$ 9.

13th = On dom7ths with scale tone roots [except IV7] use Maj
scale from I. T.

[Note; The 9th is considered unaltered and the 11th natural with
these 13th chords unless otherwise specified.]

13 [alt9].... = Same as Alt9 on V7.

13 [+11].... = Same as Aug 11.

13 [+11, b9].. = Same as +11 [alt9].

b13 = On dom7ths with unaltered 9th, ... I7, II7, V7, [VI7] use Real Mel. Min. from I. T.

b13[alt9].... = Harmonic [or Natural] Minor from I. T.

[Remember b13 and alt9 are already contained in III7 and VII7 and therefore do not constitute any alteration on them]

SPECIAL ALTERATIONS ON IV 7

...AND DOM 7th CHORDS WITH NON-SCALE TONE ROOTS

SUS 4..... = The sound of IIm7 [or IV6].. Treat accordingly

ALT 5..... = Whole tone scale from any chord tone.

b5 = No alteration.. b5 is already present as +11.

#5 = Same as ALT5 because b5 is already present as +11.

ALT 9..... = Diminished scale from chord degrees 3. 5. b7, b9.

ALT[5 & 9]... = Real Mel. Min. scale from b9 of chord.

11th..... = See sus4

AUG 11 = No alteration [already contained in chord].

+ 11[alt9].... = Same as ALT9.

13th = No alteration

13 [alt9].... = Same as ALT9.

b13 = Same as ALT5.. [b13 must be considered #5 here]

b13[alt9].... = Same as ALT[5 & 9].

Pretty Please (duet)

Slow 4

The musical score is written for piano and features a duet melody. It is organized into four systems, each with a grand staff (treble and bass clef). The key signature has one flat (B-flat), and the time signature is 4/4. The score includes various musical notations such as notes, rests, and fingerings. Chord symbols are placed above the bass staff of each system. The first system contains three measures with chords Cma7, Eb7, and Dm7. The second system contains six measures with chords G13[b9], F°, Em7, Eb°, Dm7, and G13[b9]. The third system is divided into two parts, labeled 1. and 2., with measures containing chords Abma7, Fm9, Dm7, alt 5 G7, C, B7[b9], Bb9, and A7[b9]. The fourth system contains six measures with chords IX D, Eb°, Em7, A9, F#m7, C°, and B7[b9].

Chord symbols and other markings in the score include:

- System 1: Cma7, Eb7, Dm7
- System 2: G13[b9], F°, Em7, Eb°, Dm7, G13[b9]
- System 3 (1.): Abma7, Fm9, Dm7, alt 5 G7
- System 3 (2.): C, B7[b9], Bb9, A7[b9]
- System 4: IX D, Eb°, Em7, A9, F#m7, C°, B7[b9]

First system of musical notation. The piano part consists of two staves. The left staff has a treble clef and a key signature of one sharp (F#). The right staff has a bass clef and a key signature of one sharp (F#). The piano part includes chords: Em7 (circled 2), A7alt., D, Eb° (circled 3), Em7 (circled 3), and A9 (circled 2). The melodic line is on a single staff with a treble clef and a key signature of one sharp (F#). It features a series of eighth and sixteenth notes, including a triplet of eighth notes marked with a circled 3.

Second system of musical notation. The piano part consists of two staves. The left staff has a treble clef and a key signature of one sharp (F#). The right staff has a bass clef and a key signature of one sharp (F#). The piano part includes chords: F#ma7 (circled 2), E° (circled 2), Eb7, VIII Dm7, [b9] G13, G7+, Cma7 (circled 2), and Eb7. The melodic line is on a single staff with a treble clef and a key signature of one sharp (F#). It features a series of eighth and sixteenth notes, including a triplet of eighth notes marked with a circled 3.

Third system of musical notation. The piano part consists of two staves. The left staff has a treble clef and a key signature of one sharp (F#). The right staff has a bass clef and a key signature of one sharp (F#). The piano part includes chords: Dm7 (circled 3), G13[b9], F°, Em7 (circled 2), Eb° (circled 3), Dm7, and G13[b9]. The melodic line is on a single staff with a treble clef and a key signature of one sharp (F#). It features a series of eighth and sixteenth notes, including a triplet of eighth notes marked with a circled 3.

Fourth system of musical notation. The piano part consists of two staves. The left staff has a treble clef and a key signature of one sharp (F#). The right staff has a bass clef and a key signature of one sharp (F#). The piano part includes chords: F#m7b5 (circled 2), Fma7, Em7 (circled 3), Eb7, Dm7, G13, G7alt., and Cma7 (circled 1). The melodic line is on a single staff with a treble clef and a key signature of one sharp (F#). It features a series of eighth and sixteenth notes, including a triplet of eighth notes marked with a circled 3.

XI (s) 1 3 4 1 2 4

XII

C HARMONIC MINOR..9 POSITIONS

The image displays nine musical staves, each representing a different position of the C Harmonic Minor scale. Each staff begins with a key signature of one flat (Bb) and a 4/4 time signature. The scales are written in treble and bass clefs, with fingerings and slurs indicated. The positions are labeled as follows:

- Position I:** Starts on C4, ends on C5. Includes a trill exercise on C4.
- Position II:** Starts on D4, ends on D5. Includes a trill exercise on D4.
- Position III:** Starts on E4, ends on E5. Includes a trill exercise on E4.
- Position IV:** Starts on F4, ends on F5. Includes a trill exercise on F4.
- Position V:** Starts on G4, ends on G5. Includes a trill exercise on G4.
- Position VI:** Starts on A4, ends on A5. Includes a trill exercise on A4.
- Position VII:** Starts on Bb4, ends on Bb5. Includes a trill exercise on Bb4.
- Position VIII:** Starts on C5, ends on C6. Includes a trill exercise on C5.
- Position IX:** Starts on D5, ends on D6. Includes a trill exercise on D5.

Each staff contains a main scale run and a smaller exercise, often a trill or a specific fingering pattern, marked with a circled number and a slur. The exercises are numbered 1 through 6, corresponding to the positions.

CHORD-SCALE RELATIONSHIPS

[For the purpose of improvisation]

REMEMBER: Look ahead to the next chord to analyze a progression,
Look Back to the preceding chord to determine the related scale.

MAJOR CHORDS

.....MAJOR CHORDS WITH SCALE TONE ROOTS [except IV] represent a tonic sound. Scale = Maj from chord name.

.....THE IV CHORD AND ALL MAJOR STRUCTURES WITH NON-SCALE TONE ROOTS represent the sub-dominant sound. Scale = Maj from 5th degree of chord.

.....All major chords will accept being melodized as IV chords.. But realize that the +11 is being forced on those that normally represent the tonic sound.

.....Also be advised that [very] occasionally a non-diatonic major chord with a scale tone root represents a modal sound... That is the writer wants only the major triad harmonically, but the melodic tones are to be the same as those used with a dom7th structure of the same letter name.

MINOR 7th CHORDS

.....All MIN7th chords represent the sub-dominant sound of IIIm7 [for IV], except IIIIm7, VIm7 and VIIIm7 which represent tonic sounds. IIIIm7 and VIm7 are diatonic substitutions for I... VIIIm7 = IIIIm7 for I (Key of the dominant),

IIIm7. = Major scale from b7 of chord.
IIIIm7 & VIm7 [for I] = Maj scale from name of tonic chord being replaced.
VIIIm7 [as IIIIm7 for I] = " " " " " " " " "

.....A comparison of MIN7th chords with their related MAJ6th chords [containing the same notes] will reveal some SECOND CHOICE VIm7 for I relationships. Scale = Maj from name of [related] MAJ6th chord.

[Note; ALL SECOND CHOICE scale relationships must be handled with care.]

The second system of musical notation for 'The Blue Bird' is presented in 3/4 time. It begins with a treble clef and a key signature of one flat (B-flat). The melody is written on a single staff. Above the staff, the chords B $\flat$, F7, B $\flat$, F7, and B $\flat$ are indicated. The melody consists of eighth and sixteenth notes, with some measures containing triplets. Below the staff, the word 'ALSO-' is followed by a series of eighth and sixteenth notes, some of which are grouped with triplets. The system concludes with a double bar line.

CHORD STUDY .. MIN 7 WITH $\flat 5$ [CHROMATIC APPROACH] IN THE BASS

Em7 [b5] A7 Am7 [b5] D7 Am7 [b5] D7 Dm7 [b5] G7

The first system contains four measures of music. Each measure shows a chord with its fingering. Measure 1: Em7 [b5] A7 with fingering 3, 1, 2, 3. Measure 2: Am7 [b5] D7 with fingering 1, 2, 3, 1. Measure 3: Am7 [b5] D7 with fingering 1, 2, 3, 1. Measure 4: Dm7 [b5] G7 with fingering 1, 2, 3, 1.

CHORD-SCALE RELATIONSHIPS

[For the purpose of improvization]

MINOR 6th CHORDS

.....All MIN6th chords can be considered as representing the sub-dom or tonic minqr sound. Scale = Real Mel. Min. from chord name. [However.... IIm6, Vm6 and VIm6 will sound slightly forced.. see next relationship.]

.....IIm6, Vm6, VIm6 are best treated as representing the dominant sound of IIm6 for V9. Scale = Major from a whole step below the MIN6th chord.

.....A comparison of other MIN6th chords with their related DOM9th chords [containing the same notes] will reveal that III m6, #IVm6, VIIIm6 and #Im6 can also be treated as IIm6 for V9... But the scale for this harmonic situation is Real Mel. Min. from a whole step below the MIN6th chord.

MINOR 7b5 CHORDS

.....MIN7b5 chords most frequently represent the dominant sound of VIIIm7b5 for V7. IIIIm7b5, #IVm7b5, VIIIm7b5 = Maj scale from half step above chord.

.....All other MIN7b5 chords represent the sub-dom or tonic minor sounds of IIm7b5 [for IVm6] or VIm7b5 [for Im6] = Real Mel. Min. from b3 of chord.

.....A comparison of MIN7b5 chords with non-scale tone roots [except #IV] with their related DOM9th structures will reveal some SECOND CHOICE chord-scale relationships. Scale = Real Mel. Min. from half step above MIN7b5. [Ex. #Im7b5 = VI9, #IIm7b5 = VII9, #Vm7b5 = III9, #VIm7b5 = #IV9]

.....Also a MIN7b5 chord represents the II chord in a minor key. It is often treated as a "package deal" with the V7 of that minor key when it is the next chord. Ex; Bm7b5 to E7 = The A Harmonic [or Natural] minor scale for both chords. [It is always the option of the player to treat the chords in this situation as one unit or independently.]

F# HARMONIC MINOR.. 9 POSITIONS

The image displays nine positions of the F# Harmonic Minor scale, each consisting of an ascending and a descending line. The key signature has two sharps (F# and C#), and the time signature is 4/4. The positions are labeled with Roman numerals I through IX.

- Position I:** Ascending: 2 4 0 2 4 0 3 4 1 2 (4) 0 2 3 1 2. Descending: 1 2 3 4 5 6 7 8 9 10 11 12.
- Position II:** Ascending: 1 1 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.
- Position III:** Ascending: 1 2 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.
- Position IV:** Ascending: 1 1 3 4 3 4 1 1 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.
- Position V:** Ascending: 1 1 3 4 3 4 1 1 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.
- Position VI:** Ascending: 1 1 3 4 3 4 1 1 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.
- Position VII:** Ascending: 1 1 3 4 3 4 1 1 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.
- Position VIII:** Ascending: 1 1 3 4 3 4 1 1 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.
- Position IX:** Ascending: 1 3 4 5 6 7 8 9 10 11 12. Descending: 12 11 10 9 8 7 6 5 4 3 2 1.

Each line includes fingering numbers (1-4) and breath marks (s) above the notes. The descending lines are marked with circled numbers 1 through 12.

CHORD

SPELLING... 5 NOTE ARPEGGIOS

Dom 7 $\flat 9$ sus4 and Dom 9 $\flat 5$ chords

The musical score consists of ten staves, each containing two measures of 5-note arpeggios. The chords and their corresponding arpeggio patterns are as follows:

- Staff 1:** C7 $\flat 9$ sus4 (4 4 1 4 2), C9 $\flat 5$ (4 3 1 4 3), F (rest), F7 $\flat 9$ sus4 (4 4 1 4 3).
- Staff 2:** F9 $\flat 5$ (3 1 1 4 3), B $\flat$ (rest), B $\flat$ 7 $\flat 9$ sus4 (4 4 2 1 $\flat$ 3), B $\flat$ 9 $\flat 5$ (4 3 1 4 3), E $\flat$ (rest).
- Staff 3:** B7 $\flat 9$ sus4 (3 3 1 3 1), B9 $\flat 5$ (3 2 4 3 2), E (rest), E7 $\flat 9$ sus4 (3 3 1 3 2).
- Staff 4:** E9 $\flat 5$ (3 2 4 3 3), A (rest), A7 $\flat 9$ sus4 (3 3 1 4 $\flat$ 2), A9 $\flat 5$ (3 2 4 3 4), D (rest).
- Staff 5:** B $\flat$ 7 $\flat 9$ sus4 (2 2 4 2 1), B $\flat$ 9 $\flat 5$ (2 1 3 2 1), E $\flat$ (rest), E $\flat$ 7 $\flat 9$ sus4 (2 2 4 2 1).
- Staff 6:** E $\flat$ 9 $\flat 5$ (2 1 3 2 2), A $\flat$ (rest), A $\flat$ 7 $\flat 9$ sus4 (2 2 4 $\flat$ 3 $\flat$ 1), A $\flat$ 9 $\flat 5$ (2 1 3 $\flat$ 2 $\flat$ 1), D $\flat$ (rest).
- Staff 7:** A7 $\flat 9$ sus4 (1 1 3 1 4), A9 $\flat 5$ (1 4 2 1 4), D (rest), D7 $\flat 9$ sus4 (1 1 3 1 4).
- Staff 8:** D9 $\flat 5$ (1 4 2 1 1), G (rest), G7 $\flat 9$ sus4 (1 1 3 2 1), G9 $\flat 5$ (1 4 2 2 1), C (rest).
- Staff 9:** A $\flat$ 7 $\flat 9$ sus4 (1 1 2 1 3), A $\flat$ 9 $\flat 5$ (1 4 1 4 3), D $\flat$ (rest), D $\flat$ 7 $\flat 9$ sus4 (1 1 2 1 3).
- Staff 10:** D $\flat$ 9 $\flat 5$ (1 4 3 4 1), F $\sharp$ (rest), F $\sharp$ 7 $\flat 9$ sus4 (1 1 2 1 4), F $\sharp$ 9 $\flat 5$ (1 4 1 1 4), B (rest).

Additional markings include Roman numerals VI and V below the notes for B $\flat$ 7 $\flat 9$ sus4, E $\flat$ 7 $\flat 9$ sus4, A $\flat$ 7 $\flat 9$ sus4, D $\flat$ 7 $\flat 9$ sus4, and D $\flat$ 9 $\flat 5$.

CHORD

SPELLING.. 5 NOTE ARPEGGIOS

Dom 7 +9 sus4 and Dom7 b5 +9 chords

The musical score displays 12 staves, each containing two measures of 5-note arpeggios. The chords and their corresponding arpeggio patterns are as follows:

- Staff 1: C7sus4 (4 4 1 4), C7b5+9 (4 3 1 4), F (rest), F7sus4 (4 4 1 3), F7b5+9 (4 4 2 4), Bb (rest), Bb7sus4 (4 4 2 4), Bb7b5+9 (4 3 1 4), Eb (rest).
- Staff 2: B7sus4 (3 3 1 3), B7b5+9 (3 2 4 3), E (rest), E7sus4 (3 3 1 3), E7b5+9 (3 2 4 3), A (rest), A7sus4 (3 3 1 4), A7b5+9 (3 2 4 4), D (rest).
- Staff 3: Bb7sus4 (2 2 4 2), Bb7b5+9 (2 1 3 2), Eb (rest), Eb7sus4 (2 2 4 2), Eb7b5+9 (2 1 3 2), Ab (rest), Ab7sus4 (2 2 4 3), Ab7b5+9 (2 1 3 3), Db (rest).
- Staff 4: A7sus4 (1 1 3 1), A7b5+9 (1 4 2 1), D (rest), D7sus4 (1 1 3 1), D7b5+9 (1 4 2 1), G (rest), G7sus4 (1 1 3 2), G7b5+9 (1 4 2 2), C (rest).
- Staff 5: Ab7sus4 (1 1 2 4), Ab7b5+9 (1 4 1 4), Db (rest), Db7sus4 (1 1 2 4), Db7b5+9 (1 4 1 4), F# (rest), F#7sus4 (1 1 2 1), F#7b5+9 (1 4 1 1), B (rest).

* +9 on all sus4 chords enharmonically notated here as b3

ADDITIONAL FINGERINGS FOR MINOR SCALES

These fingerings are less practical for general use as they will not accommodate as many interval combinations as those presented earlier.

The principal fingerings shown are a result of the alterations on the major scale fingering type from which the minor scale is derived.

The optional fingerings [shown in parentheses] suggest some of the combinations possible when fingering types are mixed. [When all fingerings have been mastered by thorough and precise study, you can, and will, do this without conscious effort.]

REAL MELODIC MINOR

Three staves of music showing the Real Melodic Minor scales in G minor, C minor, and F minor. Each staff includes the scale name (Gm, Cm, Fm), a key signature change (VI), and fingerings for both ascending and descending directions. Ascending fingerings are shown above the notes, and descending fingerings are shown below the notes. Optional fingerings are indicated in parentheses.

Gm
VI
Ascending: 1 2 3 1 2 4 2 3 4 1 3 4
Descending: 4 2 1 3 1 2 4 2 3 4 1 3 4

Cm
VI
Ascending: 3 (1) 1 3 1 2 4 1 2 3 1 3 (4) 2 3
Descending: 2 1 3 2 1 4 3 2 1 3 2 1 4

Fm
VI
Ascending: 3 (1) 1 3 1 2 4 1 3 4 1 3 4
Descending: 2 1 3 2 1 4 3 2 1 3 2 1 4

HARMONIC MINOR

Three staves of music showing the Harmonic Minor scales in G minor, C minor, and F minor. Each staff includes the scale name (Gm, Cm, Fm), a key signature change (VI), and fingerings for both ascending and descending directions. Ascending fingerings are shown above the notes, and descending fingerings are shown below the notes. Optional fingerings are indicated in parentheses.

Gm
VI
Ascending: 1 2 3 (1) 4 2 3 4 1 3 4 1 (1) 3

Descending: 2 4 3 1 2 1 4 3 2 1 4 3 2 1

CHORD-SCALE RELATIONSHIPS

[For the purpose of improvization]

DIMINISHED 7th CHORDS

.....All DIMINISHED 7th chords will accept a diminished scale from any chord tone. [In most cases these are not perfect relationships.]

.....BE ADVISED that Dim7th chord names are frequently misleading in that most of the time they indicate only part of a larger harmonic structure. [The related scale remains hidden until the name of the complete chord is realized.]

.....The following will help in the proper treatment of Dim7th chords.

ANY DIMINISHED 7th CHORD THAT CAN BE ANALYZED AS.....

$\sharp$ Io almost always = VI7 $\flat$ 9 [Occasionally $\sharp$ Io = I7 $\flat$ 9]

Ilo almost always = III7[$\flat$ 9] [Occasionally Ilo = V7 $\flat$ 9]

Io is usually a true Dim7th,
....But is more musical
when melodically treated [Occasionally Io = II7 $\flat$ 9]
as VII7[$\flat$ 9]

.....Also note; As every Dom7 $\flat$ 9 chord contains a Dim7th, built on 3, 5, $\flat$ 7 and $\flat$ 9 of the Dom7th, they will accept melodization with diminished scales from these notes. This chord-scale relationship is imperfect but the uniformity of sound makes it work.

AUGMENTED TRIADS

.....AUGMENTED TRIADS are primarily melodized with the Whole Tone scale from any chord tone [including 9].

.....As I and IV are the only scale degrees on which Augmented structures could occur as strict triads, note the following relationships:

I + can be melodized with a Harmonic or Real Mel. Min. scale from a minor 3rd below the chord name... Also Real Mel. Min. from I. T.

IV + can be melodized with Real Mel. Min. from a minor 3rd below.

.....Be advised that an Aug triad on anything other than I or IV is an incompletely named chord. Include the 7th in your analysis of these structures to determine the related scale.

ABOUT IMPROVIZATION

.....Chord-scale relationships provide you with all the raw material [both melodic and harmonic] for any chord structure in any situation. . . .BUT they will not make music for you.

.....In the final analysis consideration must be given to each chord for they contain a variety of sounds...such as the "warm" notes, 3 and b7...the "bland" ones, 1 and 5...the various tensions and altered degrees that add the "sparkle" and/or the "buzz"...and variety is certainly an important factor in interesting music.

.....Also, and very important are the "lines" that exist in a chord progression. These "lines", resulting from the chromatic and scale-wise movement of the inner voices of chords, form a solid basis for the creation of secondary melodies [especially valuable in "comping"]. LOOK FOR THE CHROMATIC MOTION that occurs between chords... LOOK FOR THE TENSION AND RESOLVE POSSIBILITIES available on each structure...for these are the pretty notes on which to build melodic ideas.

It's Late (duet)

Slow 4

The piano score for "It's Late (duet)" is written in 4/4 time with a key signature of one flat (B-flat major or D minor). The score is divided into four systems, each containing a grand staff (treble and bass clefs). Fingerings are indicated by circled numbers 1-5. Chord symbols are placed above or below the notes. The first system covers measures 1-3 with chords F[ma7], Eb9, and Dm7. The second system covers measures 4-6 with chords G7, G7sus4, G7, C9sus4, and Db7. The third system covers measures 7-9 with a first ending (measures 7-8) and a second ending (measure 9), featuring chords C7, C9, [b9]C7, C7, Dm7, Em7, F7, and F#13[b9]. The fourth system covers measures 10-12 with chords Bm7, E7, A7, A6, A#m7, Bm7, and E7alt.

System 1 (Measures 1-3):
 Measure 1: F[ma7]
 Measure 2: Eb9
 Measure 3: Dm7

System 2 (Measures 4-6):
 Measure 4: G7, G7sus4, G7
 Measure 5: C9sus4
 Measure 6: Db7

System 3 (Measures 7-9):
 Measure 7: C7
 Measure 8: C9
 Measure 9: [b9]C7 (First ending)
 Measure 10: C7
 Measure 11: Dm7, Em7
 Measure 12: F7, F#13 [b9] (Second ending)

System 4 (Measures 10-12):
 Measure 10: Bm7
 Measure 11: E7, A7, A6, A#m7
 Measure 12: Bm7, E7alt.

First system of musical notation. The piano part (bottom staff) features chords: A7, C#m7 F#m7, Fm7, Bb7, Eb7, Cm7 C°, Fm7, and Bb13 Bb7+. The melodic line (top staff) includes various intervals and fingerings indicated by circled numbers 1, 2, and 3.

Second system of musical notation. The piano part (bottom staff) features chords: Eb7, C7[b9], F[ma7], Eb9, and Dm7. The melodic line (top staff) continues with various intervals and fingerings indicated by circled numbers 1, 2, and 3.

Third system of musical notation. The piano part (bottom staff) features chords: G7, G7sus4, G7, sus4 C9, Db7, C7, and Bb9 [11+]. The melodic line (top staff) continues with various intervals and fingerings indicated by circled numbers 1, 2, 3, and 4.

Fourth system of musical notation. The piano part (bottom staff) features chords: Am7, Ab7, Gm7, Bbm/C, Gb7, and F7. The melodic line (top staff) includes a 'Rit-' (ritardando) marking and various intervals and fingerings indicated by circled numbers 1, 2, 3, and 4.

PREPARATION OF 4 PART OPEN VOICINGS

SCALE-CHORD RELATIONSHIPS

MAJOR SCALES

- 1] ALL DIATONIC STRUCTURES IN A MAJOR KEY.
- 2] ALL NON-DIATONIC MAJOR CHORDS WITH SCALE TONE ROOTS ... EXCEPT IV, ... SCALE FROM CHORD NAME.
- 3] IV AND ALL MAJ CHORDS WITH NON-SCALE TONE ROOTS, ... SCALE FROM 5th DEGREE OF CHORD. [Note: This also includes all major chords with indicated + 11 and is a SECOND CHOICE for the above mentioned major chords with scale tone roots.]
- 4] ALL NON-DIAT. MIN 7th CHORDS... [EXCEPT VII^m7]... USUALLY FUNCTION AS II^m7... SCALE FROM $\flat 7$ OF CHORD. [Note: VII^m7 is III^m7 for I.] [Note: A comparison of non-diat. min7th structures with their related maj 6th chords will reveal some SECOND CHOICE VI^m7 for I relationships.]
- 5] I7 II7 [AND ALL 13th CHORDS WITH SCALE TONE ROOTS... EXCEPT IV7, ... SCALE FROM INTENDED TONIC.
- 6] III7 VI7 $\flat 9$ VII7 [SECOND CHOICE]... SCALE FROM MAJ 3rd BELOW CHORD NAME... THIS CAN ALSO BE CONSIDERED A NATURAL MINOR SCALE FROM THE INTENDED TONIC. [Note: The scale does not include the 3rd degree of the chord... and some melodic patterns may require the addition of this note.]

HARMONIC MINOR SCALES

- 1] ALL DIATONIC STRUCTURES IN A MINOR KEY.
- 2] III7 VII7 VI7 $\flat 9$ [IN MAJ KEY]... SCALE FROM I. T.
- 3] DIM7th CHORDS THAT CAN BE ANALYZED AS I_o... TREAT AS VII7
 " " " " " " " " $\sharp$ I_o... TREAT AS VI7 $\flat 9$
 " " " " " " " " II_o... TREAT AS III7
- 4] ALL DOM7th CHORDS WITH ALT. 9 and $\flat 13$ [OR $\sharp 5$ CONSIDERED AS $\flat 13$], ... SCALE FROM I. T.
- 5] I AUG. [I+]... TRIAD, [SECOND CHOICE]... SCALE FROM MIN 3rd BELOW.

REAL MELODIC MINOR SCALES

- 1] IV^m6 AND Im6... SCALE FROM CHORD NAME.
- 2] II^m7 $\flat 5$ [OCCURRING IN A MAJOR TONALITY]... TREAT AS IV^m6.
- 3] IV7 AND ALL DOM7ths WITH NON-SCALE TONE ROOTS... SCALE FROM CHORD 5th. [Note: This is also a SECOND CHOICE relationship for all dom7ths... except IV7, with scale tone roots.]
- 4] ALL DOM9ths WITH SPECIFIED +11 AND 13... ALSO I7+11 II7+11 V7+11 [OR $\flat 5$ CONSIDERED +11]... SCALE FROM CHORD 5th

- 5] ALL DOM9ths WITH $\flat 13$ [OR $\sharp 5$ CONSIDERED AS $\flat 13$]... SCALE FROM I. T.
[Note: This includes VI7 III9 and VII9 which have built in $\flat 13$]
- 6] ALL COMPLETELY ALTERED DOM7ths [THIS MEANS ALT. 9 AND 5]...
SCALE FROM $\flat 9$ OF CHORD. [THIS INCLUDES III7alt5 AND
VII7alt5 AS THEY HAVE A BUILT IN ALTERED 9th]
[Note: This can be a SECOND CHOICE of scale relationship for
III7 VI7 $\flat 9$ and VII7 without the indicated alt. 5 because of the
built in alterations of 9 and/or 13... and the fact that $\flat 13$ can
sometimes be treated as $\sharp 5$, or in this case alt. 5. However the
relationship is imperfect so handle with care.]
- 7] I7 $\flat 9$ II7 $\flat 9$ V7 $\flat 9$ AND ALL DOM13 $\flat 9$ [OR ALT. 9] CHORDS WITH SCALE
TONE ROOTS... [EXCEPT IV7]... SCALE FROM $\flat 7$ OF CHORD.
[Note: Scale does not contain the 3rd degree of the chord...
Some melodic patterns may require the addition of this note.]
- 8] THESE DO NOT OCCUR VERY OFTEN... USE VERY CAUTIOUSLY...
DIM7th CHORDS THAT CAN BE ANALYZED AS Io... TREAT AS II7 $\flat 9$
 " " " " " " " $\sharp$ Io... TREAT AS I7 $\flat 9$
 " " " " " " " IIo... TREAT AS V7 $\flat 9$
- 9] I+ AND IV+... TRIADS, [SECOND CHOICE]... SCALE FROM MIN. 3rd BELOW.
I+ ... TRIAD [SECOND CHOICE]... SCALE FROM I. T.

WHOLE TONE SCALES

- 1] ALL MAJ AND DOM7th $\sharp 5$ [OR ALT. 5]... SCALE FROM ANY CHORD TONE.
[Note: The 9th must be unaltered in these structures. W.T. scales
especially necessary for aug. dom7ths with non-scale tone roots.]

DIMINISHED SCALES

- 1] DIM7th CHORDS THAT CAN BE ANALYZED AS Io... SCALE FROM
CHORD TONES. [Note: This is theoretically more perfect
than the previously mentioned treatment as VII7... but less
musical.]
- 2] DIM7ths THAT CAN BE ANALYZED AS $\sharp$ Io AND IIo... SCALE FROM
CHORD TONES. [Note: These are less perfect than the VI7 $\flat 9$
AND III7 treatment... and less musical.]
- 3] IV7 $\flat 9$ AND ALL DOM7 $\flat 9$ CHORDS WITH NON-SCALE TONE ROOTS.
.... SCALE FROM 3, 5, $\flat 7$, $\flat 9$ OF CHORD
[note: All dom7 $\flat 9$ chords may be treated in this manner
with varying degrees of imperfection... however the consistent
intervals of the scale will hold things together.]
- 4] ALL AUG 11 $\flat 9$ [OR ALT. 9] CHORDS SCALE FROM 3, 5, $\flat 7$, $\flat 9$
OF CHORD.

REMEMBER: LOOK AHEAD TO THE NEXT CHORD TO ANALYZE A PROGRESSION,
LOOK BACK TO THE PRECEDING CHORD TO DETERMINE THE RELATED SCALE.
